AND RUN OUT THE RATS

Marin Can Buy Dirt Speck Of An Island For 20 Cents

If Marin County has 20 cents to spare, it can buy Rat Island, a glob of land smaller than a 10th of an acre in San Pablo Bay offshore China Camp.

But the sale can be consummated only if the county wants to use the .08 acre islet for public park or recreational use.

The rock-bottom price for "Rat Rock" can be asked of the county under the Recreation and Public Purposes Act of

1926 which fixes \$2.50 an acre as the price for land purchased by governmental agencies for recreational use.

The U. S. Bureau of Land Management hopes to get an official answer from the county "pretty quick," Gerald Finney, the bureau's land and mineral specialist in the Ukiah office, said today.

If the county is not interested, the government will hold a

public auction in Sacramento, but the property will not necessarily go to the highest bidder, Finney said.

"The owner of the surrounding territory will be given 30 days after the amount of the highest bid is announced to meet that price," he explained.

Rat Island, probably named for the majority of its inhabitants, See RAT, page 4

HOUSE PASSES COMPROMISE TAX CUT BILL

WASHINGTON (AP) — The House passed the compromise tax cut bill today, pushing the historic measure within one step of final enactment.

Senate leaders said that body will vote tomorrow on the bill, the biggest single tax reduction ever voted.

President Lyndon B. Johnson's quick signature is assured, permitting millions of Americans to start feeling the reductions with their first or second pay checks in March.

The Senate planned to take up the bill today and vote on it tomorrow.

Then all that will be needed to make the reductions law will be a stroke of Johnson's pen.

Jetliner Falls With 56 Aboard

NEW ORLEANS (UPI) — An Eastern Air Lines D-C8 jetliner with 56 persons aboard crashed into 16 feet of water in Lake Pontchartrain in early morning darkness today, minutes after takeoff from New Orleans. Officials reported no survivors.

There was no advance indication of trouble as the plane, with 49 passengers and a crew of seven, left New Orleans on the second leg of a flight from Mexico City to New York. Pilot William Z. Zeng "nonchalantly" acknowledged orders to veer northeastward, and the plane vanished from radar screens a few moments later.

Clothing, wreckage, a lady's handbag and an uninflated life raft bobbed to the surface of the lake roughly five miles west of the 24-mile Lake Pontchartrain Causeway, longest in the world.

The site was between five and seven miles south of Mandeville, La., on the north shore of the lake.

"That thing is completely underwater and probably all torn apart," said Eastern Capt. L. E. Clark, who flew over the site.

Asked whether there was any chance of survivors, the 19-year flying veteran replied, "Not . . . negative."

He said choppy water and whitecaps prevented aerial searches from sighting the wreckage.

Seashore Land Costs Climbing

The cost of land for the Point Reyes National Seashore probably has more than doubled from 15 to 35 million dollars and could jump to 60 million dollars "if we wait another three years," seashore real estate officer Thomas Kornelis said today.

Kornelis commented after a report from Washington, D.C., that Sen. Alan Bible (D-Nev.) had asked for full explanation from the National Park Service of the increase in seashore costs.

The use of land in the seashore area has changed since the park service originally made its 15 million dollar estimate, said Kornelis.

"Land out here formerly was bought for 100 to \$200 an acre for grazing," said Kornelis. "Now it's going at \$2,000 an acre for homesites. People in increasing numbers now are seeking the land for building second homes."

Cyprus Appeal

NICOSIA, Cyprus (UPI) — Vice President Fazil Kuchuk, head of the Turkish Cypriot community, appealed to President Lyndon B. Johnson tonight to keep Cyprus from being turned into another Cuba by "Communist armed infiltration."

Dog Bark Saves Couple In Fume-Filled House

THE DOG IS A HERO — Trixie, a Springer spaniel, was more than ever the darling of S/Sgt. Robert Lee Hall (right) and his Holland-born wife,

Johanna, today after awakening them with barking after both were overcome by fumes from a faulty gas heater in their Novato home.

(Independent-Journal photo)

Operator Also Aids Novatans

A barking dog saved the lives of his master and mistress in a gas-filled Novato home early today.

Had it not been for Trixie, their Springer spaniel, S/Sgt. and Mrs. Robert Lee Hall might have died of asphyxiation in the home at 1035 San Jose Boulevard, Hall declared after being given oxygen at Hamilton Air Force Base Hospital.

GASPING PLEA

Calm instructions from a telephone operator who answered the sergeant's gasping plea helped, too.

Shortly after 1 a.m., Holland-born Mrs. Johanna Hall, 24, was awakened by the dog, which went into the bedroom and barked. Gasping for air, and suddenly sickened by the fumes, she staggered to the bathroom. There she collapsed, unconscious.

The sound of her fall awoke her husband.

"I was so nearly overcome I could not stand up," the 31-year-old Air Force sergeant said. He tried to open the bathroom window, but fell against the bathtub. Then he crawled to other windows to open them.

'COULDN'T THINK'

"I couldn't think what I should do. I considered phoning friends, but then I thought they might not hear the phone, so I dialed the operator," related Hall.

Mrs. Theresa Harris of Boardwalk 1, Larkspur, an 8-year veteran operator, took the call.

He could hardly talk," she reported. "He said, 'Help, operator! I'm being asphyxiated. My wife is unconscious.'"

Calmly, Mrs. Harris told him to open all the windows and drag his wife outside into the fresh air.

She then called Novato police.

Officer Walter Weidauer arrived at 1:25 a.m. to find Hall attempting to give his wife mouth-to-mouth resuscitation outside the house.

Police took both to the air base hospital, where they were revived with oxygen.

Hall said they had visited T/Sgt. and Mrs. Lou Caldwell at 1005 San Jose Boulevard until about 10:30 last night. When they returned home, Mrs. Hall said she smelled gas, so they left their bedroom window partially open.

"That probably let in enough fresh air to keep us alive until the dog woke us," Hall said today.

After being released from the hospital and while servicemen were repairing the heater, the Halls stayed with S/Sgt. Robert Shamel at 1022 San Jose Boulevard.

DOMESTIC QUARREL

A head-on collision where she loses her head and he blows his top.

Rumford Act Initiative Is Qualified

SACRAMENTO (AP) — Secretary of State Frank M. Jordan today officially declared the controversial initiative measure aimed at nullifying the Rumford housing act has qualified for the ballot. (See also story page 2).

With the signatures still coming in, Asst. Secretary of State Walter M. Stutler said the measure had the 468,259 signatures required. Yesterday, unofficial figures totaled 583,029 with 50 of the 58 counties reporting.

It still has not been determined whether the measure would appear on the June or November ballot. And, there could be a legal question as to whether it is on the ballot at all.

Car Turns Over; Two Injured

A sheriff's deputy and ambulance were dispatched to the Cedars Ranch at the west end of Fifth Avenue just outside of San Rafael at 12:45 p.m. today where a car was reported overturned with two injured.

The car reportedly pinned at least one occupant. Marin Ambulance was requested to bring oxygen.

The injured were identified as Marie D. Tappendorff of Ross and her father, John A. Tappendorff.

Stinson Patrol Asked After Boy's Drowning

Mrs. Ellen Dawson of Stinson Beach asked the Marin County Board of Supervisors today to hire guards to patrol Stinson Beach State Park.

Raymond Collins, 16, of Petaluma, died in the surf at the beach Sunday. Mrs. Dawson said the beach is posted as being unsafe at this time of year, but the one state park ranger on duty cannot patrol the entire beach.

Physician Says Fighter Clay Is 'Scared To Death'

MIAMI BEACH (AP) — The chief physician of the Miami Beach Boxing Commission said Cassius Clay was "a man scared to death" at the official examination and weighing in ceremonies today prior to the 15-round title fight against heavyweight champion Sonny Liston. (See also Sports Pages)

Robbins said Clay's pulse was 120 compared with a normal 54, shown in a previous examination earlier this week, while Liston's pulse was near normal 80. At New Orleans, two theaters canceled the Liston-Clay fight closed-circuit telecast because Liston was opposed to segregated seating.

A last-minute agreement prevented possible cancellation of the telecast at municipal auditorium, the only other showing scheduled here.

She said she had been told by the sheriff's office that the supervisors would have to authorize use of sheriff's deputies on the state beach.

Supervisor Peter H. Behr asked for a delay in action until the afternoon, so Sheriff Louis P. Mountanos could be questioned about his needs in the area.

Children who live in Stinson Beach know they must not go near the water at this time of year, but teen-agers have been driving to the beach from throughout the Bay Area, Mrs. Dawson said.

She added she had also asked the State Division of Beaches and Parks to assign two more men to the beach.

From the cliff overlooking the beach, it is possible to see riptides and whirlpools, she continued, but they cannot be seen from the beach itself.

"This is the first drowning there I can remember since it became a State Park," commented Behr. "We could have similar requests for Bolinas Beach and others."

He suggested that persons living in the area who knew procedures of life saving could be deputized to patrol the beach on warm weekends during the winter. But he said he wanted to hear from Mountanos first.

Frost Creates Winter Scenes

Hard frost turned low areas of Marin into winter scenes early today as cold air moved into Northern California in the wake of a summery weekend.

Lowest early morning reading was reported in Novato where the mercury fell to 29 degrees. San Rafael had a low today of 37 and a high yesterday of only 60, much below the balmy 74 recorded Sunday. Today's noon reading was 57.

The Weather Bureau predicted fair weather through tomorrow.

Missile Streaks Across Marin Sky—'And Suddenly It Blows Up'

Marin County residents were treated to a spectacular display in the sky last night by a missile fired from Vandenberg Air Force Base, more than 250 miles to the south.

Sighters in the Bay Area reported a bright streak in the southwestern sky ranging from brilliant white to deep turquoise blue at about 6:30 p.m.

Marin residents apparently were not alarmed by the glow. A spot check of police departments revealed there were no calls about it. Many missed it because it came at the dinner hour.

Carl O. Heynen, chief of the Alto-Richardson Bay Fire Department, said he and some friends saw the display. "We saw it coming through the sky," he said. "It was very beautiful, with big fan-shaped gases coming out the end of it. All of a sudden it blew up. It looked as if it were going over Tam Valley."

Cecil Landis, an Independent-Journal engraver, spotted the missile trails from his Santa Rosa home. "It looked like smoke trails and I figured

it was a jet with vapor trails. Suddenly, it went kaput and then turned blue," he said.

The Air Force reported that two Minutemen missiles, each costing approximately \$3,500,000, were fired on routine training launches late yesterday from Vandenberg AFB in Santa Barbara County.

Because of freakish atmospheric conditions the first shot was visible from Los Angeles in the south to Eureka in the north.

Some viewers said it appeared there had been an explosion in the sky, but the Air Force spokesmen would not say whether the missile had exploded. Under a new policy, the Air Force does not report launch failures.

The missile's apparent change in appearance and color presumably was due to the sun's reflection on it as it traveled westward, the Air Force reported.

While the display was sighted at many coastal areas, it was not visible at Vandenberg. "We didn't see it at all once it was off the pad," said Lt. James W. Dunlap there. "We're fogged in."

Some Bay Area residents described the display as a streaking conical trail. Others said they saw the streak dissolve into a mass that looked like a big explosion.

The missile trail was first spotted at about 6:30 p.m. and was visible for nearly 15 minutes. It was seen as far inland as Chico and Redding.

The Minuteman is a 32-ton, solid-fuel missile with a range of 6,300 miles. The launches were the 31st and 32nd of Minutemen missiles. Both reportedly impacted in central Pacific target area.

The pace of choosing jurors stepped up markedly with Sowell's selection. For the first time, two jurors have been found on the same day.

Luther E. Dickerson, who preceded Sowell in court, also was accepted.

Luther E. Dickerson, who preceded Sowell in court, also was accepted.

Two More Ruby Jurors Sworn

DALLAS (AP) — Another juror, the fifth, was sworn in today for Jack Ruby's murder trial. He is Douglas J. Sowell, 33, a jet airplane mechanic.

The pace of choosing jurors stepped up markedly with Sowell's selection. For the first time, two jurors have been found on the same day.

Luther E. Dickerson, who preceded Sowell in court, also was accepted.

WIRE NEWS BRIEFS From Everywhere

Anti-Depression Drug Sale Halted

WASHINGTON (UPI)—Sales of a powerful anti-depression drug have been halted as a result of its reported link to 15 deaths, including six in the United States.

The Food and Drug Administration said yesterday that sales of the drug—called Parnate—were halted by the Smith, Kline and French Laboratories of Philadelphia after the firm was told the government planned to force the product off the market.

Parnate controls mental depression through its effect on one of the enzyme systems which help to regulate body processes.

Play About Pius Stirs Controversy

NEW YORK (AP)—A Broadway play which accuses the late Pope Pius XII of failing to speak out against Hitler's mass murder of Jews has stirred controversy here even before its opening. During its European presentation, spectators leaped onto the stage to attack the actors.

The play's German author, Rolf Hochhuth, 33, who was a teen-age member of Hitler's Youth Corps, arrived yesterday for the play's opening tomorrow night.

He said he hopes his drama, "The Deputy," is received "more factually and less emotionally" than it was overseas.

Pope Paul VI has labeled the play an unjust attack on Pope Pius, who died in 1958.

Midwest Is Hit By Blizzard

DENVER (AP)—A winter blizzard swept southward from the northern Rockies early today, deluging mountains in heavy snow and creating highway havoc.

Snowfall was general but light across the plains where winds cut visibility to near zero.

Hundreds of motorists were stranded by deep snow drifts and blizzard conditions in Idaho, Montana, Wyoming and Colorado. Roads in northern Wyoming were closed.

A motorist near Helena, Mont., died when he tried to make it to shelter after his Jeep had stuck in the snow.

Hand Transplanted From Dead Man

BOSTON (AP)—An Ecuadorian sailor who received a hand transplant from a dead man was able to wiggle the fingers and move the hand immediately after the operation, say two Boston doctors.

The limb transplant is believed to be the first ever performed from a dead person.

Drs. Richard E. Wilson and Robert M. Goldwyn of Peter Bent Brigham Hospital, who were post operative consultants, told a news conference last night of the Feb. 13 operation conducted at Guayaquil, Ecuador.

The surgeons said the sailor, Julio Luna, 28, may be brought to Boston for further treatment.

Russ Mine Death

MOSCOW (AP)—Pravda today reported a mine explosion in the Soviet Union that caused loss of life, something the Soviet government almost never admits. The party newspaper said methane gas exploded in a mine in the Vorkuta region. The number of dead was not given.

Italian Austerity

ROME (AP)—Italy's center-left government began putting its new austerity program into effect today with higher taxes on gasoline, cars and yachts. Premier Aldo Moro's coalition cabinet approved the measures as first steps in a program aimed at stabilizing Italy's deteriorating economic situation and halting inflation.

Missile Sub Success

GROTON, Conn. (UPI)—The Polaris missile-firing submarine Daniel Webster has scored a bull's-eye, in its first sea trials, the Navy reported.

Roosevelt Bows Out

LOS ANGELES (AP)—Rep. James Roosevelt (D-Calif.) will seek re-election to the House of Representatives, rather than run for the Senate. Announcing this at a news conference yesterday, he said he will support the senatorial aspirations of State Controller Alan Cranston.

Court Might Decide On Rumford Fuss

NAACP Claims
Initiative Is
Unconstitutional

SACRAMENTO (AP)—The California Supreme Court may be the deciding factor in whether voters get a chance next November to say if the state should prohibit segregation in housing.

The National Assn. for the Advancement of Colored People said yesterday it will make a second attempt "within two or three days" to have an initiative nullifying the Rumford Housing Act declared unconstitutional.

APPARENTLY QUALIFIED

The initiative measure has apparently qualified for the November ballot.

Fifty counties have certified 583,529 names on petitions to place it on the ballot, and only 468,259 were needed.

Secretary of State Frank M. Jordan says, however, he won't make an official finding until all 58 counties have submitted their totals. Last midnight was the deadline for mailing them.

The initiative measure backed principally by the California Real Estate Assn. and the California Apartment Owners Assn., would amend the state constitution to prohibit any state interference with an owner's right to refuse to sell or rent to anyone for any reason.

DRIVE SPARKED

The Rumford Act, passage of which sparked the drive for the initiative, prohibits racial discrimination in the sale or rental of about 70 per cent of California's housing.

Sacramento attorney Nathaniel Colley said in an interview yesterday he will ask the high court to rule the initiative off the ballot on the grounds that voting on an unconstitutional measure is a waste of money.

Colley said his two principle arguments are that the measure covers more than just racial and religious discrimination, and also attempts to revise the constitution rather than amend it.

OTHER AREAS

"It also covers such things as redevelopment," he said. "It covers probate law, because it affects the duty of an executor to sell to the highest bidder. The regulatory powers of the state would be affected because corporations are persons within the meaning of this initiative."

Colley said any constitutional amendment which deals with more than one issue is void, and added that revising the constitution takes a constitutional convention, not an initiative.

The NAACP failed in a similar law effort last month when Sacramento Superior Court Judge Irving Perless decided he did not have the authority to rule on the measure's constitutionality at that time.

Gov. Edmund G. Brown, who urged passage of the Rumford Act in 1963, has opposed the initiative, predicting it will touch off racial strife.

He has also questioned its constitutionality, but the state legislative counsel has said in his opinion, it is constitutional.

Mrs. Nhu Declared Outlaw In Vietnam

SAIGON, Vietnam (AP)—Mrs. Ngo Dinh Nhu, former powerful First Lady of South Vietnam, has been declared an outlaw, a Justice Ministry spokesman said today.

The order has been issued for her arrest, he said. He refused to discuss details.

Mrs. Nhu has been living in exile in France with her four children since a Nov. 1 coup overthrew her brother-in-law, Ngo Dinh Diem.

Top Marine Sees Viet Red Step-Up As War Goes Bad

But New Commandant Says He
Is Optimistic About Outcome

By FRED S. HOFFMAN

WASHINGTON (AP)—The nation's top Marine said today the communists in South Vietnam have stepped up the size and intensity of their attacks because they think the war is developing in their favor.

But Gen. Wallace M. Greene, the new Marine commandant, said he is optimistic about the eventual outcome of the anti-Communist war being waged with heavy U.S. help.

"I am optimistic as long as any outfit wants to fight," Greene said in an exclusive interview.

Greene discussed the war in South Vietnam in the first question-and-answer interview he has granted since becoming commandant of the 190,000-man Marine Corps Jan. 1.

The commandant said he was unable to answer questions growing out of a spate of reports that the U.S. government is considering moves to carry the anti-Communist war behind North Vietnamese lines.

Q. General, you were in South Vietnam shortly after you became commandant and in between the coups. On the basis of what you saw and learned out there, how would you assess the military situation in Vietnam today?

A. Anything I could say would be based on the impressions of a short stay in South Vietnam. However, I had the opportunity during this brief period of going from one end of the country to the other.

I had the opportunity to look at the latest plans for the campaign in that country. In my opinion they are very sound from a military point of view.

I reached a very definite conclusion that there were plenty of supplies — ammunition, weapons, and other means — on hand to accomplish the plan.

I had a chance to see the officers and men — both Vietnamese and their American advisers — in the battalions and companies and other units. I thought they were highly competent, that they wanted to fight.

I also came away with the feeling that this is a long-time business, and we aren't going to win the fight overnight.

Q. What was your impression of Maj. Gen. Nguyen Khanh, the new Vietnamese premier?

A. The general is a highly competent soldier, well educated both in military and cultural matters.

Q. Would you think that there might be a higher degree of aggressiveness in the Vietnamese forces now than before?

A. That would be pretty hard for me to say at this distance, but I would say that General Khanh has pretty well demonstrated his military capabilities.

Q. The Viet Cong seem to be operating in larger units now, in perhaps more aggressive form, what had been called Phase II in guerrilla war doctrine.

A. You mean in the battalion-size team?

Q. Yes. What significance do you see in this? Doesn't this mean that their capabilities have increased in arms and

GENERAL WALLACE
During first interview

men, as well as perhaps their confidence?

A. I think that size of the attack is part of the concept on which the Viet Cong and Ho Chi-minh, and men of the other Communist forces, have operated for years.

In other words, they start off with small group attacks. Then, as the situation develops in what they think is their favor, they increase the size of the attacks.

Q. Since you were out there a pattern appears to have developed, with Viet Cong Communist terrorist attacks aimed directly at the Americans for the first time. How do you see the significance of this? Do you think it is a concerted campaign? And, if so, what could be their motive?

A. I could only hazard a guess that perhaps the Viet Cong feel that bringing this sort of attack home to the Americans who are stationed in Saigon may be a means of harassing and discouraging them.

Q. The role of the U.S. Marines in South Vietnam has not been highlighted quite as much as the Army Special Forces.

A. Well, we're doing a very definite job in South Vietnam. For the past two years we've had a reinforced helicopter squadron up in the more mountainous areas.

They've flown approximately 52,000 sorties for a total of some 32,000 flight hours. In the execution of this mission they have lifted over 8.5 million pounds of cargo and approximately 200,000 passengers, the bulk of whom were combat troops. This gives you some idea of the job they have been doing.

Q. Speaking of helicopters, reports in South Vietnam seem to indicate the choppers are rather vulnerable even to the quite crude weapons that the Viet Cong use. What was your impression?

A. My impression is that when you compare the number of flights that have been executed by helicopters, both Army and Marine, and the number of combat missions that have been flown, with the number of helicopters that have been brought down by enemy fire, the number is extremely small.

Racial Tension Brings Cross, Bomb Explosion

By U.P. INTERNATIONAL

A bomb exploded in the yard of a Negro family at Princess Anne, Md., late last night and a burning cross blazed in the darkness near the predominantly Negro college town be-stirred earlier by its second wave of racial demonstrations in 48 hours.

No one was injured in the explosion in the front yard of the home of Leon Gates, a clerk at Maryland State College.

Negro students had earlier agreed to a 48-hour truce in demonstrations.

The flaming cross was extinguished and police took it to run tests on it.

It was the second round of violence that has struck Princess Anne. Last Saturday, violence broke out when students from the State College demonstrated in the business district.

Other racial developments: New York — Dr. James E. Allen, Jr., the state commissioner of education, said that he has directed a special three-man committee to study integration and school improvement as inseparable goals for New York City schools.

Boston — Officials for the National Assn. for the Advancement of Colored People has announced that its executive secretary, Roy Wilkins, will lead a "silent march" on city hall tomorrow as part of a civil rights boycott on Boston schools.

Chicago — Leaders of rival racial groups engaged in angry statements. The Rev. G. W. Hester charged that the Rev. J. H. Jackson, president of the 5-million-member national Baptist Convention, had received large amounts of money from segregationists. The Rev. Jackson denied it.

Glenn Gets Honor

SOUTH BEND, Ind. (AP)—Marine Lt. Col. John H. Glenn Jr. has been cited by the University of Notre Dame senior class as "one of the intrepid voyagers of the ages." Glenn is a candidate for Ohio's Democratic nomination for U.S. senator.

Baker Refuses To Tell What His Duties Were

WASHINGTON (AP)—Bobby Baker refused to testify today what his duties were as secretary to the Senate's Democratic majority and was immediately told this might result in his being cited for contempt of Congress.

The one-time page boy, who acquired wealth and power in some 20 years of working for the Senate, invoked his Fifth Amendment protection against possible self-incrimination in refusing to answer most questions or to surrender subpoenaed documents.

The hearing in the packed Senate caucus room exploded into a row when Baker's lawyer, Edward Bennett Williams, accused the rules committee of staging a television spectacular and asked that TV cameras be removed.

Sen. Carl T. Curtis (R-Neb.) demanded that Williams withdraw his statement about the committee or be expelled from the hearing room.

Sen. Hugh Scott (R-Pa.) said Williams' statement was "totally and thoroughly unwarranted."

Williams said that, since the committee knew that Baker would refuse to surrender subpoenaed documents, or to answer questions, the hearing could serve no legislative purpose, but was being held solely to hold Baker up to obloquy before television cameras.

He requested that Baker be excused from appearing.

Baker resigned last Oct. 7 as secretary to the Senate's Democratic majority, after questions were raised about his outside business and financial dealings. His Senate job paid \$19,600 a year.

At last Wednesday's hearing, Baker invoked his Fifth Amendment protection against possible self-incrimination.

U.N. Peace-Keeping Plan Rejected By Soviet Union

GENEVA (AP)—The Soviet Union turned down a British proposal at the Geneva disarmament conference today to strengthen United Nations peace-keeping machinery.

British Foreign Minister R. A. Butler made the proposal. He said the Cyprus crisis shows such a force is needed urgently and that it will also be essential for the security of all nations in a future disarming world.

Stronger U.N. peace-keeping machinery was one of several points Butler raised during an hour-long speech.

Soviet Delegate Semyon K. Tsarapkin replied that a force

Connally: No LBJ Rift

NEW YORK (AP)—Texas Gov. John Connally says reports of his political differences with President Lyndon B. Johnson are "grossly exaggerated." Connally made the remark yesterday to newsmen in New York, where he will dedicate the Texas Pavilion at the World's Fair tomorrow.

The modern era of expressways in the United States began in 1940 with the opening of the Pennsylvania Turnpike.

Governor Indirectly Backing Cranston

SACRAMENTO (AP)—Gov. Edmund G. Brown indirectly endorsed State Controller Alan Cranston today in his race for the Democratic nomination for the U.S. Senate against ailing Sen. Clair Engle.

Brown said, however, he would remain neutral in the event that Atty. Gen. Stanley Mosk decides to run in the June 2 primary.

The Democratic governor, first elected along with Engle in 1958, wrote off the 52-year-old senator who underwent brain surgery last August.

"I really don't feel that Senator Engle can campaign for the U.S. Senate," he told his news conference.

Engle has said repeatedly that he's recovering, that he's fit and able to campaign and serve.

Brown said, however, it was obvious from Engle's halting speech in a telephone message to the California Democratic Council convention in Long Beach last weekend that he couldn't campaign.

The CDC endorsed Cranston over both Rep. James Roosevelt of Los Angeles and Engle. Roosevelt dropped out of the contest yesterday. But Engle declared he's in the race to stay.

Brown touched on these other subjects:

HOUSING — He reiterated belief that the initiative measure aimed at the Rumford housing act is unconstitutional. The governor said he plans to confer with both sides before deciding whether to assign the controversial measure to the June primary or November general election.

He indicated that unless a good case is made for June, the initiative will appear on the November ballot.

JOHNSON — The governor said he didn't discuss it with President Lyndon B. Johnson at Palm Springs last weekend, but that White House aides confirmed he wouldn't enter the California primary.

Brown said he'll go ahead and form an unopposed Democratic delegation that will be pledged to Johnson.

UDALL — Brown described the revised Pacific Southwest water plan as "close to a very fair compromise."

California opposed the original proposal by Secretary of Interior Stewart Udall, especially on exporting water to Arizona. Most of California's objections were removed in the revised plan.

As it now stands, the Udall plan is "magnificent," Brown added.

BRACEROS — Brown said the state intends to do everything possible to recruit enough farm hands to harvest California's crops next year.

A shortage of farm labor is in prospect with the termination of the bracero program that brought thousands of Mexican nationals into the country to work in the fields.

The governor said he could see no reason why teen-agers couldn't help out.

TUNNELS — Brown said work will start this year on the tunnels that will carry Northern California water through the Tehachapi Mountains to the south. He said the two tunnel jobs totalling 60 million dollars will be among 167 million dollars in State Water Project construction to begin during 1964.

Brown noted that the projects to be started this year are in addition to 190 million dollars worth already under way and 130 million dollars on the joint state-federal San Luis Project.

Reed To Discuss Budget Tonight

The Reed School District board will continue its discussion of the 1964-65 operating budget at tonight's meeting at 8 o'clock in room 14 of Reed School.

A working budget has been drawn up which calls for new override taxes for health and welfare benefits as well as "excess costs of educating grades seventh through eighth students," said Supt. Edward C. Pino.

Pino estimates these overrides could amount to 45 cents. For comparison, the board has an advanced planning budget for school year 1964-65 which does not include these overrides in the estimated receipts.

Rifle Case Plea Changed To Guilty

Gary Lee Corvello, 25-year-old Corte Madera resident charged with threatening a neighbor with a sawed-off 22-caliber rifle, changed a plea of innocent to guilty today in Marin Superior Court.

Corvello, arrested Dec. 26 on a charge that he threatened Joseph Patrick, 20, in a dispute over a bottle of wine, had asked for a jury trial, scheduled to begin this morning. Judge N. Brusatori set March 9 for sentencing.

Engle's Wife Says He'll Come Home

SAN FRANCISCO (AP) — The wife of Sen. Clair Engle says the California Democrat will come home soon from Washington, prove he's recovered from brain surgery and will thwart efforts of those trying to use his "unfortunate illness" to unseat him.

Mrs. Engle gave her views in a copyright interview yesterday with a staff writer of the San Francisco Examiner in the living room of the Engle home in Washington.

Three Homes Broken Into By Burglars

Three homes in Forest Knolls and Lagunitas have been broken into by burglars during recent weeks, sheriff's deputies learned yesterday.

The homes were the most recent victims of frequent vandalism and burglaries in the San Geronimo Valley.

Peter R. Hansen told deputies his two-story house on Ramona Avenue in Forest Knolls was broken into for the seventh time in the past year.

During the weekend he said he found a window smashed and five bottles of whiskey, two bottles of liquor, six bottles of beer, 18 shirts and two cameras missing. He estimated the value of the loot to be about \$175.

Michael Kassinos of San Francisco, owner of a house on Resaca Road, Forest Knolls, told deputies he found the place had been entered and bureau drawers were open, but nothing was missing.

Edgar Mohaupt of San Francisco, owner of a summer cottage on Lagunitas Road, Lagunitas, reported the door had been forced open and cigar butts were on the floor. He did not discover anything missing, however.

San Quentin Camp Chief To Retire

Capt. L. W. Thompson, chief supervisor of San Quentin Prison's 10 conservation camps for honor prisoners, will retire April 1.

Thompson, a member of the prison staff since 1934, has directed the operations of the camps for the past 20 years.

No locks, fences or firearms are used at the remote camps to control prisoners, Thompson said. Some 60 supervisors are responsible for about 800 men. The prisoners work on conservation projects under the direction of the state forestry service.

Thompson said he will live in Grass Valley after he retires.

Boy Jumps From Moving Auto

A 16-year-old Sir Francis Drake High School student, who suffered a fractured skull when he jumped from a moving car Saturday, was reported in good condition today at Letterman General Hospital in San Francisco.

Phillip Frederick Daniels, 5 Hooper Lane, was injured when he jumped from a moving convertible to recover his black derby hat which had blown away, San Rafael police said.

He was riding west along Fourth Street approaching Shaver Street, San Rafael, at about 4 p.m. in a car driven by Melvin Joseph Lufrano, 16, of 19 Manor View, Fairfax.

Fairfax Council, Rec Meet Tonight

Fairfax City Council and Park and Recreation Commission are scheduled to meet informally at 4 p.m. today to discuss remodeling of the city's pavilion and other matters. City Clerk Alice Leonosio announced. The meeting will be in the council chambers.

Attends Meeting

Dr. Bernard H. Faibish of San Anselmo, president of the Marin County Optometric Society, attended the 65th annual congress of the California Optometric Assn. in San Diego which concluded Saturday.

MARY L. JORDAN
Former Fairfax postmaster

OBITUARIES

Mrs. Mary L. Jordan Dies At 74

Mrs. Mary L. Jordan, 74, former postmaster of Fairfax, died at a local hospital today after a long illness.

Mrs. Jordan was postmaster from 1937 until her retirement after 19 years service on Jan. 31, 1956. From 1932 to 1937 she served as Fairfax city treasurer.

A resident of 75 Sequoia Road, Fairfax, for 50 years, Mrs. Jordan was the widow of Thomas C. Jordan, a Marin attorney who died in 1929. Mrs. Jordan was born in San Francisco, where she received her schooling.

Mrs. Jordan was a charter member of Fairfax Parlor of Native Daughters of the Golden West, a charter member of Court St. Agnes, Catholic Daughters of America, and a member of the Fairfax Women's Club and the Retired Federal Employees Assn.

She is survived by three daughters, Mrs. Gedge Knopf of San Rafael, Mrs. William C. Sullivan of Fairfax and Mrs. Thomas Iles of Santa Rosa; a son, Thomas C. Jordan of Fairfax; a brother, John J. Sweeney of San Francisco, and five grandchildren.

The cortege will form at 9:30 a.m. tomorrow at Keaton's Mortuary in San Rafael for Requiem Mass at 10 a.m. at St. Rita's Church, Fairfax. Burial will be in Holy Cross Cemetery, Colma.

Senate Confirms Rowan Appointment

WASHINGTON (AP) — The Senate today confirmed the nomination of Carl T. Rowan, Negro newsman and former ambassador to Finland, to be director of the U. S. Information Agency.

Senate action was by voice vote and came less than two hours after the Senate Foreign Relations Committee recommended approval.

Mill Valley Legion Dinner Set March 21

American Legion, Mill Valley Post 284, will have a corned beef dinner at 6:30 p.m., March 21 at the Legion Hall.

Awards were given last night to the four Scout troops sponsored by the post, and the post was given charters for the units. About 40 Scouts attended, said Mrs. Persis A. Stanley, post commander.

MILLARD W. YOUNG
Cold storage leader

Millard Young Dies At 64

Millard W. Young, 64, national ice and cold storage executive of Greenbrae, died of a heart attack last night while visiting friends in Chicago.

Young, of 5 Corte Los Sombras, was president of National Ice and Cold Storage Co., which has a San Francisco office; president of the U.S. Cold Storage Co. with offices in Chicago and Hawaii, and executive vice

Possible Bridge Leaper Reported

Richard Fredianelli, 21, of Millbrae was listed by the California Highway Patrol as a possible Golden Gate Bridge suicide today after his car was found in the Vista Point parking lot at 12:45 a.m.

Highway Patrol Officers Vincent Weimer and Charles Heart said the warmth of the engine indicated that it had been turned off at least one-half hour before they noticed the car while on patrol.

Found in the car was a note threatening suicide, written on 14 pages of small notebook paper.

Public Works Head Starts In Novato

Lawrence A. Coleman, former city engineer of Upland, San Bernardino County, started work yesterday as Novato director of public works.

Coleman succeeds Charles Joseph, the city's first public works director, who resigned last Dec. 31, to become engineer-manager of the Novato Sanitary District.

Coleman had been at his Upland post since May, 1960. Prior to that he was deputy general manager of the Chico Basin Municipal Water District for four years.

Coleman also will be street superintendent and will receive a salary of \$996 per month.

Planning Agenda

Mill Valley planning commissioners will hold a public hearing at their 8 o'clock meeting today to consider rezoning the northwest corner of Camino

Alto at East Blithedale Avenue from single family residential with lots at least 20,000 square feet to a permanent zoning classification to provide for both apartment and commercial uses.

president and director of American Consumer Industries, with West Coast headquarters.

He was also former president of American Warehousemen's Assn. and the Sacramento County Board of Supervisors.

A native of Hoboken, N.J., he moved to California in 1906 and came to Marin County from Sacramento 15 years ago. He was a 32nd degree Mason, and a member of Rotary Club and the Commonwealth Club in San Francisco.

Survivors are his wife, Bernice; a daughter, Mrs. Janice Jopson, San Rafael; and two grandchildren.

Funeral and burial are tentatively scheduled for Thursday in Sacramento. The family requested that memorial contributions be made to the Heart Fund.

MRS. DEFFEBACH

Estella M. Deffebach of Mill Valley, widow of a direct descendant of John Reed, died yesterday in a local hospital after a short illness. She was 65.

Mrs. Deffebach had lived in Marin County 50 years, much of the time in Mill Valley proper and most recently at 16 Barn Road, which is on the Tiburon Peninsula near Strawberry. She was born in Massachusetts.

Her late husband, Thomas Deffebach II, was a real estate broker who developed the old Alto area among other developments. Deffebach was a descendant of Reed, who got the first Spanish land grant in Marin County in 1834. It was called the Corte Madera Del Presidio.

Years ago Mrs. Deffebach took part in little theater work in Mill Valley and was also interested in music.

She is survived by her son, Thomas B. Deffebach III of Mill Valley; three brothers, William Keen of Los Angeles, and Frank and Delbert of Massachusetts.

Funeral arrangements are pending at Russell and Gooch Mortuary, Mill Valley.

MRS. ULRICH

A Requiem Mass for Mrs. Katherine Ulrich, 84, of 821 McClay Road, Novato, who died Saturday at a Novato hospital after a brief illness, was celebrated yesterday at Our Lady of Loretto Catholic Church in Novato.

Mrs. Ulrich was the wife of Albert Ulrich of Novato, a retired accountant formerly with the Railway Express Agency in San Francisco. A native of Galena, Ill., she had been a resident of Marin County for 15 years and of California since 1918.

Burial was in Holy Cross Cemetery, Colma.

DAVID MENARY

A crowd of more than 400 paid final respects today to the late David Menary, 70, who died Sunday after emergency surgery.

Relatives and friends of Menary, former sheriff and longtime California Highway Patrolman, gathered at Harry M. Williams Mortuary in San Rafael, filling the chapel, four slumber rooms and reception room.

Overflow crowds also filled the aisles, where about 70 uniformed highway patrolmen, sheriff's deputies, and police officers stood at attention throughout the services.

A squadron of patrol and po-

lice cars provided Menary with escort from San Rafael to Mount Tamalpais Cemetery for burial.

Marin County Board of Supervisors suspended their regular meeting at mid-morning to attend the funeral services.

Masonic services were followed by services conducted by the Rev. Henry Kent of St. Luke Presbyterian Church.

Peace officers from San Mateo County and San Francisco, including the sheriff of San Francisco, were present.

BARBARA BURNS

Mrs. Barbara Allen Burns, 51, wife of attorney Robert E. Burns of 45 Manor Road, Kentfield, died in a San Francisco hospital today after a two-month illness.

Besides her husband, she also is survived by a daughter, Chrissie Burns, a student at Mills College, Oakland.

Mrs. Burns, a native of Portland, Ore., was the daughter of the late Edward Tyson Allen, forestry conservationist and consultant, first forester for the State of California and friend of the late Gov. Gifford Pinchot of Pennsylvania, pioneer conservationist.

Under the name of Maryland Allen, her mother, the late Matilda Allen Burns, wrote a number of novels and numerous short stories which were published in Smart Set magazine.

Memorial services will be held at 11 a.m. Thursday at St. John's Episcopal Church, Ross, Rev. Harold E. Hallett officiating. Contributions to the church are preferred.

NELLIE BERTUCCI

Funeral for Mrs. Nellie Bertucci, 73, of 1016 Third Street, Novato, who died Friday in a local hospital after a five-day illness, was held today at Redwood Chapel Funeral Home, Novato. Burial was in Mount Tamalpais Cemetery, San Rafael.

Mrs. Bertucci was the widow of Orlando Bertucci, who before his death in April, 1962, operated a septic tank business with their son, Charles, who carries on the business at 641 Plumb Street, Novato.

Born in Nuncie, Kans., Mrs. Bertucci had lived in Novato 50 years.

She is survived by two sons, Charles and Donald of Redding; four daughters, Mrs. Marjorie Daniels and Mrs. Inez Horning of Sacramento, Mrs. Myrtle Baureiro of Dallas, Tex., and Mrs. Gladys Dressler of Kansas City, Mo.; seven grandchildren, and 11 great-grandchildren.

Mrs. Bertucci was a member of the Veterans of Foreign Wars Auxiliary of Novato and a past president of Eagles Auxiliary 333 of Petaluma.

MRS. JOUCKEN

Requiem Mass for Mrs. Elizabeth Joucken, 69, of 147 Stewart Drive, Tiburon, who died Sunday in a San Francisco hospital after a long illness, will be held at 8:30 a.m. Thursday at St. Agnes' Church, San Francisco.

Rosary will be recited at 8 p.m. tomorrow at Carew and English Funeral Chapel, San

Francisco. Entombment will be in Holy Cross Cemetery, Colma.

A native of Ohio, Mrs. Joucken had lived in California since 1920, was a resident of San Francisco for 17 years and of Tiburon for nearly three years.

Surviving are her husband, Hubert Q. Joucken, who retired a few years ago after 23 years' ownership of Ahrens Bakery in San Francisco, and two sisters, Mrs. Louise Lister and Mrs. Winona Hale of Ohio.

MARRIAGE LICENSES ISSUED

George Henry Netherfor, 24, and Sarah Jane Huddleston, 19, both of Hamilton Air Force Base. Ned George Scott, 24, of San Francisco, and Karen Elizabeth Routley, 17, of 340 Jean Street, Mill Valley. Anton Bakken, 25, of 920 Patricia Way, San Rafael, and Elfriede Josefina Mader, 28, of San Francisco.

Entombment Holy Cross Cemetery, Colma. (2/25)

How every Californian 65 and over can benefit because a new law made Western 65 Health Insurance possible

This law, passed July 23, 1963, has enabled 62 leading insurance companies to combine their resources for just one purpose: to give senior Californians more adequate health insurance. You get generous benefits, yet the premiums are reasonable. The name of the plan is Western 65. There is no medical exam. No health questionnaire. No upper age limit. Spouses may be covered too, regardless of age. Your individual coverage cannot be cancelled because of your long or repeated illness. You'll have a choice of three good plans: one for Hospital Expenses; another covers Major Medical Expenses; and a third plan covers Comprehensive Medical and Hospital Expense. Even the plan with the most benefits would cost you only 76¢ a day. For your free folder, fill out and mail the coupon below. Or call an insurance agent today. Any one of them will gladly help you choose the coverage best suited to your needs.

Hurry! Enrollment opens March 1, ends March 31, 1964

Please mail me the complete folder on Western 65. I understand there is no obligation.

STOCK MOVED INTO PLACE—Everyone pitched in today to have the new Food King market in Mill Valley ready for tomorrow's opening—even James Chanquet, general manager and supervisor of the Regal Food King chain. The store replaces the Jolly Stores market destroyed by fire last June and has 22,000 square feet of merchandise area. (Independent Journal photo)

Food King To Open Tomorrow In Mill Valley

The Food King supermarket will open tomorrow at 393 Miller Avenue, Mill Valley, in the newly remodeled building which was occupied by Jolly Stores before it was destroyed by fire last June.

The new market is owned by Regal Food King, Inc., of Martinez, headed by Tony Pereira of Alamo. The firm has five other markets in Alameda and Contra Costa counties.

The Mill Valley store, first in Marin, has 22,000 square feet of retail area. It is being managed by Jerry Lipich, who has moved to Tamalpais Valley. He was formerly in the Food King store at 76th Avenue and MacArthur Boulevard in Oakland. From the same store has also come Charles Bookhammer as assistant manager, who has moved to Fairfax.

Robert McCarney from Pleasant Hills is manager of the produce department, and Carl Nunn from Alamo is head supervisor and meat buyer. They are here only temporarily, Lipich said, and will be replaced by local men later. The store will have about 25 employees.

The market will also have a gourmet food section of canned and fresh goods and imported items. Jolly King Liquors, owned by Bert Pollock and John Freschl, is operated separately in a corner of the Food King building.

Lipich said it is customary for Food King stores to observe their first four to six weeks as a grand opening period. During that time special events and celebrities are featured on weekends.

Workshops Set On Handicapped

Jerome Rothstein, professor of education at San Francisco State College, will give the first of several monthly workshops for teachers of the mentally retarded in Marin tomorrow at the Civic Center.

The professor has been hired by the county as a consultant to the program of educating or training mentally retarded children. His main emphasis will be on curriculum.

Also tomorrow, at 7 p.m., at Marindale School, 1051 Las Ovejas Avenue, Terra Linda, Rothstein will be guest speaker at a meeting of the Council for Exceptional Children, made up of teachers of retarded and handicapped children in Marin and Sonoma counties.

The Marindale School plant will be open to the public for inspection of facilities used for educating the orthopedically handicapped.

Singer Says He Knew Kidnap Plan

LOS ANGELES (AP)—A rock 'n' roll singer has electrified a federal courtroom by testifying he knew about the Frank Sinatra Jr. kidnap scheme about two months before it was carried out.

Earlier yesterday Dean Torrence, 23, denied advance knowledge of the plot—and thereby, the judge said, committed perjury.

In his later version Torrence said defendant Barry Keenan told him of the plan in October and, three days after the alleged abduction gave him about \$25,000. But, he said, he gave it back.

In his first appearance Torrence, known for his hit record "Surf City," said he had considered Keenan his best friend for six years.

He said he had lent him money "so he could eat," adding that Keenan owed him \$1,200.

He denied the money was to finance a kidnapping and that he knew of any such plan. He was excused as a witness.

In the afternoon Asst. U.S. Atty. Thomas R. Sheridan recalled him and Torrence said: "I'm afraid I made up some stories. I did know about the so-called kidnapping and I did get some money and I gave it back."

U.S. Dist. Judge William G. East said Torrence had committed perjury and that "the matter, of course, will have to be dealt with."

Keenan, 23; Joseph Clyde Amsler, 23, and John Irwin, 42, are charged with kidnapping Sinatra Jr. Dec. 8 from Lake Tahoe and releasing the 20-year-old singer here three days later after receiving \$240,000 ransom from the elder Sinatra. The defense has claimed it was a publicity hoax.

Sheridan asked the soft-spoken Torrence when he first heard of the alleged plot.

Torrence: "About October, from Barry Keenan. He said he was going to be involved in a

crime and would like to tell me about it. I let him talk. He told me his whole plan—how he was going to abduct him and things of that sort."

Sheridan: "He said he was going to abduct Frank Sinatra Jr.? Did he say where?"

Torrence: "I don't think he'd thought of that."

He said Keenan indicated no one else was in on the plan and that he told Keenan he "didn't think it was such a good idea."

Bassett Wants Out Of Race In Belvedere

Kirk W. Bassett, 1 West Shore Road, has handed a letter to the Belvedere city clerk, Britton Rey, advising that he wishes his name withdrawn as a candidate for Belvedere City Council in the April 14 election.

Bassett said that at the time he was urged to file for the office, it appeared there would be only two candidates for three positions. Six candidates filed on the last day, Feb. 20, including Bassett who now prefers to withdraw.

The other seven candidates for the three positions are: G. Roger Felton, Thomas S. Price, Walter P. Simi, Merritt K. Rudock, James S. Gerritt, Edwin J. Dreschel, and William H. Rafter.

General Inspects Forts In Marin

The Army Air Defense Command post atop Mount Tamalpais and Batteries A and B of the Second Missile Battalion, 51st Artillery, at Forts Cronkhite and Barry in Marin County were inspected yesterday by Lt. Gen. Charles B. Duff, commander of the Army Air Defense Command.

From headquarters in Colorado Springs, Colo., General Duff commands combat-ready units, armed with the nuclear capable Nike Hercules guided missile. He arrived at Hamilton Air Force Base Saturday night from Hawaii.

He visited numerous Army and Army Air Defense Command posts in the Bay Area yesterday and visited units of the First Missile Battalion at Travis Air Force Base today before leaving for McChord Air Force Base, Wash., to tour air defense facilities of the Pacific Northwest.

Mill Valley Woman Suffers Cut Wrists

Mrs. Dorothy Frances Leet, 30, of 108 Valley Circle, Mill Valley, suffered cuts on both wrists early today at Bermuda Palms Motel, 737 Francisco Boulevard in San Rafael, police reported.

Officers said the wounds were apparently self-inflicted with a broken ash tray. The woman, not seriously injured, was found in a women's lounge and police were called by the motel at 12:48 a.m. She was treated at San Rafael General Hospital and taken to Napa State Hospital.

MARIN FIRE CALLS

YESTERDAY: 9:04 a.m. Novato—Car fire on Atherton Avenue near Highway 37; minor damage to wiring in car.

11:44 p.m. San Rafael—Small fire in storage closet at 1908 Fourth Street apparently caused by broom and sack placed too close to water heater; approximately \$100 damage.

Novato Schools Eye Locations For Two Plants

Novato Unified School District trustees last night authorized condemnation suits, if necessary, to acquire two school sites.

These are a 25-acre junior high school site on the Sinoloa Ranch at Wilson Avenue and Vineyard Road and a 10-acre elementary school site on the Pimentel Ranch at Mill and Trumbull roads.

The state allocations board granted \$324,700 to the district for purchase of the two sites.

William Kirk, acting president in the absence of Marrett B. Boissevain, reported the Marin County augmented committee on school district organization would consider the proposed unification of Novato Unified and San Jose Elementary School districts on March 18.

The Novato School District trustees also:

1. Approved an application for guidance, counseling and testing under the national defense education act.

2. Changed the title of John Gallas from elementary supervising librarian to supervising librarian. This was done at Gallas' request after some of his job duties in connection with state textbooks were taken from him.

3. Heard a report on the Hill Junior High School curriculum from Principal William Leigh Metteer, Mrs. Patricia K. Jones, Mrs. Betty Clark, and Mrs. Anne McDermott.

4. Appointed Arnold Griewe as inspector for the Hill Junior High School construction project.

Income Tax Class Schedule Changes

A College of Marin course in federal and state income tax education, originally scheduled to meet on Tuesday nights, has been changed to Wednesdays at 7:30 p.m.

The class will meet tomorrow in room 37 of the Austin Science Building. The course, taught by Charles Mayer of Mill Valley, will continue for eight Wednesdays.

HOFFA SAYS U.S. WITNESS LIED

Teamsters Union President Asserts Testimony By Partin 'Fabrication'

CHATTANOOGA, Tenn. (AP)—James R. Hoffa asserted today that every word of testimony against him by the government's chief witness at his jury-tampering trial was "an absolute fabrication."

The Teamsters Union president, taking the stand in his own defense, said he talked with Edward Grady Partin on only two occasions during Hoffa's 1962 conspiracy trial in Nashville.

Partin, a local Teamsters official from Baton Rouge, La., was the key prosecution witness on government charges that Hoffa tried to fix the Nashville jury.

Hoffa began testifying at mid-morning on the second day of the sixth week of his trial.

He gave rapid-fire answers to questions from Harry Berke, his Chattanooga lawyer.

He said Partin invited himself to Nashville, just before the 1962 trial, to take care of Partin's personal problems, which Hoffa said were pressing.

"I had been working with Partin for months, trying to get him to straighten out his local and not run around the country," said Hoffa. "He came there (Nashville) primarily to

plead that his local not be put under trusteeship. I had no need of Partin."

Hoffa explained trusteeship was the taking over of a local's internal affairs by the international union.

The only other time he met with Partin, Hoffa testified, was near the end of the trial. The union president said he warned Partin then that "you are destroying the local in Baton Rouge" and that he would have him expelled from the union if Partin were convicted on pending felony charges.

"He pleaded for another chance," Hoffa said. "Then he blew up and stormed out of the room."

Vilas Recall Vote Schedule Is Set Up By Hollis

Virgil S. Hollis, county superintendent of schools, has issued the following schedule for events to lead to the May 5 election on recall of Mrs. Georgette Vilas, trustee of the Lagunitas School District.

By March 6 the county clerk must be officially notified of the election. Mrs. Vilas has until March 11 to file a statement of not more than 200 words against the recall move. The statement, along with the statement on the recall petition, will be placed on the ballot.

March 27 is the deadline for candidates for Mrs. Vilas' post to file for office. April 28 is the last day for application for absentee ballots, which must be received by May 2.

Mountain Play

Final tryouts for "Flamenco," the 51st annual Tamalpais Mountain Play pageant will be held at 8 p.m. tomorrow and Friday at Edna Maguire School, Mill Valley, director Dan Toth announced today. He said there is particular need for dancers and guitarists and there are roles for children aged 9 to 12.

Ex-President Hoover Has 'Serious Setback'

NEW YORK (AP)—Former President Herbert Hoover has suffered a "serious setback" in health, a spokesman said today.

A hospital room has been reserved for the 89-year-old former chief executive, who resides in the Waldorf-Astoria hotel.

The family of the 31st president said last June that his strength had been ebbing from anemia caused by intestinal bleeding.

He had undergone surgery the previous August at Columbia Presbyterian Medical Center for removal of a cancerous

tumor of the intestinal tract.

Hoover had been relatively inactive in recent months. One of his last public appearances was at a reception in May honoring Maj. Gordon Cooper Jr., the astronaut, for his 22-orbit flight.

Today doctors described his condition as "fairly satisfactory."

They said: "The present illness is due to bleeding from the right kidney, probably secondary to a kidney stone."

"The clinical picture has been complicated by a respiratory infection."

Marin's National Guard Turns Out For State Alert

There was nothing listless or lazy about last night's statewide National Guard "Operation Spring Fever."

Marin County's own national guard unit, the 579th Engineer Battalion, had an 80 per cent turnout for the practice alert.

18 Dairymen Get Safety Awards

Twenty-two Lucas Valley Dairy milkmen have been given safe driving awards for accident free driving. Robert Grady, general manager of the firm, announced today.

Three-year lapel pins were given to William Franco, Leon Layous, Thomas McClain, Russell Sorch, Charles Thomas and Harold Wolhaupter.

Two-year pins were awarded to Archille Cavagnolo, Eugene Choan, Antone Fagundes and Charles Fetherolf.

One-year pins were awarded to Don Cornett, Howard Ebbinhausen, Vincent Joseph, Walter Mann, Alexander Neill, Walter Paganetti, Harry Prince, Joseph Tallariti, Fiorenzo Valsecchi, William Watkins, John Welsh and Terry Worster.

Beise, McInnis To Speak Tomorrow

S. Clark Beise, chairman of San Francisco Bay Area Council, and John F. McInnis, president of Assn. of Bay Area Governments and mayor of San Rafael, will be featured speakers at a special noon luncheon by Marin County Development Assn. and the council tomorrow at Peacock Gap Country Club, San Rafael.

About 100 Marin County business and government leaders are expected to hear Marin's role in the Bay Area discussed.

a better showing than the state wide average of 76 per cent.

"It was pretty successful," said Donald Brittan, company commander, "and we were pleased with the turnout."

Sgt. Ted Green, company administrator, said the unit loaded one vehicle, a 2½-ton cargo truck with equipment and then the men donned field jackets, packed their duffle bags and boarded trucks.

The procession traveled to Fourth and A streets from the armory on Madison Avenue in Santa Venetia and then back to the armory in an attempt to simulate action which would be necessary in the event of a real national emergency.

Chou Praises Pakistan Stand

DACCA, East Pakistan (UPI)—Communist Chinese Premier Chou En-Lai, in a second strong bid for closer ties with Pakistan, praised President Mohammad Ayub Khan yesterday for opposing a "Two China" policy and thanked him for working toward a seat for Peking in the United Nations.

Chou made an even stronger bid yesterday when he sided with Pakistan in its dispute with India over Kashmir.

In a scarcely veiled attack on the United States—an ally of Pakistan in CENTO and SEATO—Chou accused Washington of "intensifying aggression, intervention, subversion and infiltration in Asia and Africa."

TEEN-AGE PIMPLES?

If you are afflicted by embarrassing pimples, why not profit from the experience of 8 doctors who tested ACNOTABS on their own patients?

In many of these independent tests, ACNOTABS' ability to reduce the incidence of pimples showed encouraging results. So try this internal medication yourself. Discover how effective it may be in your case.

CHANGES AT TERRA LINDA STORE

Scotty's Market, focal point of the Terra Linda Shopping Center celebrating its seventh anniversary this week, has added new refrigeration equipment during the last month. Joseph Messina, shown here with the store's new dairy bar, recently took over complete ownership of the market. He has been a partner in its operation since it was opened in 1957. (Independent-Journal photo)

Some Decline But Mart Has Heavy Trading

NEW YORK (AP)—The stock market closed today with an irregular decline. Trading was heavy.

Volume for the day was estimated at 5.1 million shares yesterday.

Losses of fractions to a point or so among key stocks outnumbered gainers.

Profit taking occasioned an exceptionally wide loss for Radio Corp., which sank more than 2.

Sperry Rand looked like the most active stock as it lost a fraction in reaction to news of layoffs in its Univac Division.

Erie-Lackawanna issues were strong amid merger gossip. The common was fractionally higher and the preferred was up more than 2 in heavy trading.

Sears, Roebuck fell more than a point. Polaroid was off 3 and High Voltage Engineering about a point.

International Harvester continued strong, rising about 2. Caterpillar advanced more than a point.

Manhattan Shirt gained 1/4 at 22 1/4 on 10,400 shares.

Chicago and North Western rose more than 2 but rails as a group were ragged. Pennsylvania Railroad fell nearly a point. New York Central was fractionally lower. Baltimore and Ohio gained more than a point.

Prices on the American Stock Exchange were mixed in moderately active trading.

U.S. government bond prices turned upward. Corporates were mixed.

Tax Cut Is Billed To Cause Boom

(Second in a Series)

By SAM DAWSON

NEW YORK (AP)—The federal tax cut is billed by its sponsors as just the thing to get the '60s to soaring at last.

The count on its stimulation of spending by consumers and corporations and rely also on the basic soundness of business. In many respects the economy is healthier today than at the start of the 1960s when false hopes of a soaring decade were widely accepted.

First, the population growth that was supposed to furnish the bang is showing up where it counts. For the next several years the big increase will be in the 20-30 age group. In other words, today's young people

will reach an age to earn their own money, marry, and have babies. Today there are 23.6 million in the 20-30 group; by 1970 there will be 30.8 million.

This additional 7.2 million, if properly trained in industrial techniques and skills their parents may not know, can give a real boost to the economy, both in production and consumption. But no one minimizes the task of training them.

The big push from family formations should be just ahead — good news for home builders and furnishers, makers of appliances and children's clothes — and the medical profession.

A second reason for optimism is that demand for goods

has been catching up with industrial capacity to produce. Surplus facilities built in the late 1950s are mostly in operation today. At the same time, the oldest plants have been made obsolete by the fast pace of technical improvements and are being displaced.

Many industries are near optimum production — enough surplus for flexibility and emergencies, but no longer a drag. This shows in the increase in industrial output, rise in the factory work week, increase in new orders — above all, in the spurt in corporate profits, especially in recent months.

A third plus point is business caution. It made the last four years sedate. It also sidestepped the excesses that have upset other economic up-

swings. Inventories are mostly in trim order, rising only moderately since 1960, and scarcely at all in ratio to increased sales. Business spending has been more for updating plants than for over enthusiastic expansion.

In the last four years the deceptive glow of prosperity from a wage-price spiral has been avoided. Wage increases have stayed close to the rise in output per man hour of labor.

Union leaders are claiming this productivity actually has outpaced the pay gains. Competition has kept price boosts modest.

And businessmen are feeling better about "the climate in Washington" — the government attitude towards management

and labor. The feeling isn't unanimous but most seem more in the mood now to step up activities. Polls taken last month show a marked increase in the money that business plans to spend this year on expansion over the intentions expressed only last fall.

Their customers are in a confident mood, too. For the majority the sixties so far have seen a slow advance in standards of living. Most consumers expect this to continue.

If they aren't spending wildly, they aren't scrimping either. Retail sales have hit new highs. Auto and appliance sales are strong. The consumer base for economic growth is sound, too.

I-J Business And Finance Page

6 Independent-Journal, Tuesday, Feb. 25, 1964

LBJ Found Friendly To Business

NEW YORK (AP)—As President Lyndon B. Johnson ends his first 100 days on the job, many businessmen say the business mood has brightened.

Ben S. Gilmer, president of Southern Bell Telephone and Telegraph Co. in Atlanta, says his firm's capital spending plans for 1964 had been 403 million dollars but have now been boosted to 413 million dollars.

In Denver, Cris Dobbins, president of Ideal Cement Co., said, "We are laying out capital plans today that I'm quite sure we would not be considering if things hadn't change."

President Elmer Engstrom of Radio Corp. of America, a member of the Business Council that advises presidents, sought to describe what's happened.

"In business, we look for go signs and stop signs," he said in his office. "We watch for signs whether the administration is friendly or unfriendly to business. These are not physical facts. But we get the feeling that President Johnson is friendly, and this assessment is being strengthened."

Creative Arts Gallery Gets New Manager

Nell Harold of Mill Valley is new manager of Creative Arts Gallery in Sausalito, succeeding Jane and Connie Bachner, co-managers.

A painter, Mrs. Harold has studied at San Jose State College, College of Pacific, Mendocino Summer Arts School, and in Mexico. She invites artists to take their work to the gallery to be considered for showings on Friday mornings.

Chrysler Sales Up

DETROIT—Retail sales of Chrysler Corp. passenger cars in the second 10 days sales period of February were 28,078 units, a daily rate of 3,120 units.

Head Of Bank To Be Honored

Charles Tijerina, president and chairman of the board of the Tiburon National Bank, will be honored at a dinner in Tiburon Thursday evening.

More than 250 Bay Area bankers, business executives and civic leaders and their wives have been invited to attend the affair at the Dock Restaurant on Main Street. Hosts will be the bank's directors, Mrs. James L. Heyne, Fred Mantegani, Paul R. Leahy, and Lawrence A. Mayer. Tiburon author Dean Jennings will be master of ceremonies. Principal speaker will be Arnold E. Larsen of San Rafael, a national bank examiner. Musical entertainment will follow the dinner which starts at 8 p.m.

New All-Time High

CHICAGO—National Can Corp. has reported for 1963 new all-time highs in both sales and earnings, with sales up 4 per cent and earnings up 16 per cent over 1962. R. S. Solinsky, National Can board chairman and chief executive officer, said net sales in 1963 were \$126,612,167 compared with \$121,795,137 in 1962.

OTHER PEOPLE'S BUSINESS

By HARRY CRAFT

Construction Starts On United California Bank In San Rafael

Construction is starting on the United California Bank at the northwest corner of Third and Cijos Streets, San Rafael, with F. P. Lathrop Construction Co. of Berkeley as the general contractor. A number of Marin subcontractors are involved. Manager Earl Bouteiller of the San Rafael office is convinced that by July the furniture can be moved in the new building.

Down the street at Third and A, Wells Fargo Bank's new office is almost at the other end of the construction cycle. Manager and vice president Daniel C. Davis of the San Rafael office fixes the occupancy date as early April.

JOHN K. WELCH of Mill Valley has opened his own real estate business at 202 Sir Francis Drake Boulevard, San Anselmo, where he shares office space with real estate appraiser David G. Cohn.

Kaiser Gets Defense Work

OAKLAND — Kaiser Jeep Corp. and Studebaker Corp. concluded an agreement for the purchase by Kaiser of the Studebaker defense products division at South Bend, Ind.

Announcement of the purchase for an undisclosed amount was made by Cruise W. Moss, executive vice president of Kaiser Jeep and president of its automotive division.

The acquisition involves Studebaker's Chippewa manufacturing plant and the transfer to Kaiser Jeep Corp. of an 80-million-dollar contract for the production of five tone military trucks for the Army.

Welch started his real estate career 14 or 15 years ago with Cagwin, Seymour and Hamilton. He was with Frank Howard Allen and Son for about 10 years and for the last two years has been with Coldwell Banker and Co. He has taken an active membership in the Marin County Real Estate Board.

RICHARD F. TYLER of Belvedere has joined Johnson and Lewis, Inc., San Francisco advertising agency, as administrative supervisor of agency services. For the past 10 years he has been with Guild, Bascom and Bonfigli, most recently as an account executive. Previously he was with McCann-Erickson's San Francisco office and A. C. Nielsen Co., Chicago.

TED COHEN of Ted's Taxi Service says he has been appointed official ground transportation pinch-hitter for SFO Helicopter Airline service between Marin and the San Francisco Airport. If a copter is grounded and can't make the flight, Ted's Taxi is called in to complete the job under charter from SFO. He's also tying in his local service between San Rafael and other points and the Commodore Heliport.

WILLIAM G. INGRAM JR., new representative for Standard Register Co., has opened an office at 935 Loutens Place, San Rafael. This is upstairs from Marin County Office Equipment Co. and will be on its telephone exchange.

NEWLY ASSOCIATED with the San Rafael insurance agency of Fred A. Banducci is Charles J. Vanoncini, formerly

RICHARD F. TYLER
To supervise services

JOHN K. WELCH
Opens realty office

with Fireman's Fund in San Francisco as a fire underwriter and later as a special agent in the property department of Industrial Indemnity Co. He is a native of Fresno.

SAN RAFAEL OFFICE of Gallagher-Sturiale Realtors has taken over the sales of Manor condominium apartments at 155 Canal Street. This was formerly known as Ka-Ha-Le. Model apartment is open seven days a week.

ORRICK TRAVEL BUREAU, San Anselmo, is promoting a Matson Line fall cruise, visiting four of the Hawaiian Islands next October. It's a two-week trip coinciding with Hawaii's version of our Thanksgiving—called the Makahiki Festival.

AMATEUR MUSIC MAKING

is on the crescendo, and the tunes are sweet melody to the ears of electric organ dealers. The odd part about an organ is that some people who wouldn't walk across the street to hear a concert by a professional can't be pried away from their own experiments on a console — which sound so much better there (to them) than on a piano.

Organs are like boats. You no sooner get used to the one you bought than you decide the only thing that keeps you from becoming a Don Baker or Korla Pandit is a larger and more expensive model with more keys and stops.

Some 145,000 console organs were sold last year. Industry sources say many more than that will be sold in 1964. Most purchasers are said to be in the 30 to 45 age bracket.

MENU OF THE WEEK

Borsch Salad Molds*

PORK ROAST TANGO*

Fluffy Rice

Buttered Fresh Spinach

Peach Streusel***
Coffee

RECIPES OF THE WEEK

Borsch Salad Molds*

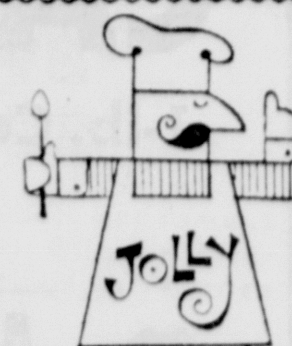

Dissolve 1 3-ounce package lemon gelatin in 3/4 cup boiling water; add 1/4 tsp. salt, 1 cup sour cream, 2 4 1/2-ounce jars strained beets (baby food), 1 tbsp. lemon juice, 1 tsp. grated onion. Beat with beater until smooth. Pour into 6 molds; chill until firm. Unmold on red onion slices.

PORK ROAST TANGO**

Start oven at 450°. Place a 4 to 6 pound pork loin roast in shallow roasting pan, meaty side up. Roast 30 minutes. Drain drippings from pan and return roast to oven lowering heat to 325°. Combine 1 cup ketchup, 1/3 cup Worcestershire sauce, 2 tablespoons chili powder, 1 teaspoon salt, 1/4 teaspoon Tabasco sauce and 2 cups water. Bring to a boil; pour over meat in roasting pan and baste once in a while. If sauce gets too thick, stir a little hot water into pan. Total roasting time should be 40 minutes per pound. Serve hot. The chili powder and pork do very well together in this recipe!

Peach Streusel***

Drain 1 #2 1/2 can sliced cling peaches. Place in single layer in buttered 9-inch pie plate. Sprinkle with 2 tablespoons lemon juice. Crush 10 shortbread cookies (5-ounce package) and combine crumbs with 2 tablespoons brown sugar and 1/4 teaspoon cinnamon. Cut in 2 tablespoons butter with pastry blender until mixture is crumbly. Sprinkle over peaches. Bake in 400 oven 20 minutes.

BUILDING VOTE SET IN CORTE MADERA

Council Adopts Ordinance For April 14
Ballot On \$200,000 Bond Issue Proposal

The Corte Madera Town Council last night adopted an ordinance placing a \$200,000 bond issue for public safety buildings on the April 14 ballot.

Discussion on adopting the ordinance centered on whether the two buildings to be built with the money should be spelled out in the ballot proposition. Councilman Albert E. Kog-

Larkspur School Board To Hear Tax-Bond Report

The Larkspur School District board will hear a report by the chairman of the tax-bond committee, James McClinch, at its meeting today at 7:30 p.m. in the district office.

An organization meeting of the committee is planned for 8 p.m. tomorrow at San Clemente School to review what needs to be done to promote passage of a 60-cent tax increase and \$375,000 bond issue June 2.

The board will hear a report on the kindergarten program and district growth. A letter will be read from Dorothy A. Melon, of 47 Stetson Avenue, Corte Madera, protesting the cutback of the nursing and dental hygienist programs in the district.

San Anselmo Man Hurt In Collision

Alexander Y. Watson, 31, of 28 Floribel Avenue, San Anselmo, was treated at Marin General Hospital Saturday for neck injuries following a Friday night two-car accident at Fourth and C streets in San Rafael.

Police said Watson's car halted on Fourth Street at the intersection about 11:30 p.m. when a car driven by Gary Amos of 75 St. Charles Lane, Lagunitas, struck it from the rear. Amos was cited for following too closely, officers said.

He said, "We are concerned about putting this over."

He said the two buildings, a new public safety building to house the fire and police departments next to the town annex and a second firehouse east of Highway 101 on Paradise Drive, should be described in the proposition.

The wording of the proposition was not changed, however, merely stating "public safety buildings" councilmen decided they could write an affirmative statement for the bond issue which would mention the two buildings on the ballot.

Deadline for submission or arguments for and against the bond issue is March 5.

Polls will be open from 7 a.m. to 7 p.m. on April 14, the council decided.

The Corte Madera Town Council also:

1. Adopted an emergency ordinance, to be in effect one year, which gives time to develop a program of slope construction in green belt areas along the southern limits of the town. A use permit will be needed for construction during the year.

2. Authorized signing of a contract between the town and the State Employees Retirement System for a retirement program for town employees.

No Endorsement In Mill Valley

"It's going to take us some time before we decide to endorse any candidate in the Mill Valley city council election," said Robert D. Huber, co-chairman, citizens committee for good government today. The organization had announced a week ago that it would tell Saturday whom it is supporting.

A candidates night will be held April 9 at Park school auditorium, Huber said.

Council candidates George E. Wickham and Holbrook T. Mitchell discussed their platforms at Saturday's meeting.

Outdoor Education Program Gaining

Plans for an outdoor education program for fifth and sixth graders in Sausalito schools were given the "go ahead" last night by district trustees, but with the idea that the board will still receive more information on the subject.

Pupils, with their parents' permission, would leave on a Monday and return Friday for four and one-half days at Enchanted Hills, a facility used as a camp for the blind on Mount Veeder in Napa County.

Cost to the district would be about \$1,000, which would be repaid by a state compensatory education grant. Each pupil would also pay \$7.

There would be one teacher or counselor to each six pupils for the instructional program. Children would study such subjects as botany, geology, marine life in streams. They would stay six to a cabin and eat in a mess hall. The program is tentatively set for April.

Liquor Hearing Is Continued

Hearing on an Alcoholic Beverage Control allegation against Roma F. Weaver of Roma's Market, Forest Knolls, was continued today to a date to be announced later.

The department has charged that Weaver violated the state code through sale of liquor to a minor. The hearing had been continued from an earlier date until 10 a.m. today due to the illness of a witness.

No reason was given for today's continuance.

Three Design Reviews Pass In Corte Madera

The Corte Madera Board of Design last night approved three design review applications.

Approved were designs for the Campbell-Bishop Chevrolet building at Paradise Drive and the Corte Madera Overpass, a 2,903 square foot building to house three stores planned by Cal-Car Properties Inc. at 5643 Paradise Drive, and the rear elevation of four homes in Marin Highlands.

Hospital Board To Discuss Library

The Marin Hospital District board will hear a request for an expanded medical library at its meeting today at 8 p.m. in the hospital's conference room.

A letter will also be read to the board from the State Division of Highways granting permission for placement of direction signs to the hospital on Highway 101.

TODAY'S EDITORIAL

Marin's Crime Problem Is Not Fully Recognized

"There is more crime in Marin County than people realize," the man said.

"You have most of the stuff in the I-J all right, but it's scattered all through the paper in short items with small headlines. So people don't realize how much of it is going on."

That's what the man said. And he intends to be constructive.

What a switch! The tired old refrain that newspapermen have drummed into their ears by press critics is just the opposite:

"Newspapers blow-up crime stories, all out of proportion to reality, just to sell papers."

This old saw ignores the fact that the I-J is a home-delivered paper and almost nobody wants a sensational newsstand-type paper delivered to his home every day, least of all in Marin. (But the facts don't deter the critics.)

"One way to make people in Marin realize how much crime there is here would be for the I-J to gather all the crime news together in one place in

the paper, under one big headline calling attention to it," the man said.

"There is a constant flow of items relating to child and girl molesting and other forms of perversion. There are burglaries, auto thefts, cars broken into, and so on. When you add all this together, you begin to see that crime is a big problem here in the county. We ought to be more concerned. People ought to be trying to do more about it."

That was the man's message.

He is right, of course.

In San Rafael, alone, last year the number of police investigations of incidents involving juveniles jumped about 25 per cent, over the preceding year.

The chief of police said this increase is "about normal."

If 25 per cent per year is the normal increase in juvenile police incidents, the man was even more correct than he may have realized himself—we are in trouble and it is likely to get worse before it gets better unless we get riled up and do something to change the trend.

THREE MINUTES A DAY

By JAMES KELLER

TEEN-AGER MAKES RESTITUTION

A teen-ager volunteered to pay half his salary for the next five years to the family of a man he struck while driving.

When the 16-year-old's car went out of control in Philadelphia, it traveled across a lawn and caused leg and rib injuries to a 43-year-old printer.

The defendant suggested this means of payment and the magistrate hearing the case approved and made it into an order.

Full restitution is not always possible for damage to life or property. But justice requires that the injured party be repaid as far as is possible.

It is refreshing to note the initiative taken

by persons, young or old, who sincerely attempt to make up for past errors. Prevention of mishaps, however, is better than their cure and positive action for the love of God and man outranks both.

Don't wait for an accident before you take some step, however small, to show initiative on behalf of those who look to you for some service you can provide.

"Always strive after good towards one another and towards all men."

(I Thessalonians 5:15)

Let me ee hope, O Jesus, in the worst of situations and then work strenuously to bring about solutions.

OTHERS SURPRISED

Reservoir Recreational Plan From Boating Fund Irks Some

By CAPITOL NEWS SERVICE

SACRAMENTO — A proposal for financing recreational development on two state reservoirs from boating funds has some officials irked, other surprised, and some a combination of the two.

The new plan came to light at a meeting of an Assembly ways and means subcommittee in the Capitol last week. The 1964-65 budget of Gov. Edmund G. Brown proposed to finance some \$235,400 worth of launching ramps and boating facilities at the Grizzly Valley and Del Valle reservoirs out of the revolving fund of the small craft harbors commission.

Grizzly Valley is in Plumas County and one of a series of five recreational reservoirs being built in the upper Feather River basin in

conjunction with the state water project. The Del Valle reservoir is in Alameda County and is part of the South Bay Aqueduct feature of the project.

LEGISLATION adopted in 1961 provided that recreational development at state water projects would be financed from the state's general fund, subject to item-by-item approval of the legislature in budgets. Assemblywoman Pauline L. Davis (D-Portola), who authored the bill, had fought for an initial appropriation for recreational development but had to settle for the policy that such works would be financed from year to year from the general fund.

Mrs. Davis was not happy with the Department of Finance proposal in the budget. "I will not abide by it," Mrs. Davis said. "It was

the understanding that non-reimbursable construction on the state project would be financed from the general fund. It doesn't sound logical that the boat people should subsidize all the people in the state."

MRS. DAVIS, as well as several members of the small craft harbors commission, noted that the commission had not been told of the proposed switch in financing policies.

"If the Department of Finance is going to override legislative policy without contacting commissions involved, what's the point in having a commission or the legislature itself?" Mrs. Davis asked.

William E. Warne, director of water resources who was active in drawing Mrs. Davis' 1961 bill, said the first he heard of financing the recreation works from small craft harbors fund was at the subcommittee hearing.

BACK IN THE Department of Finance, Dale Hanner, assistant chief budget specialist, said the plan was only a proposal to the legislature and did not have to be adopted. He said it had been worked out by officials of the resources agency, as well as the Department of Finance. Word of the agreement apparently did not reach all persons involved.

Hanner noted that the legislature provided in 1963 that the small craft harbors revolving fund would receive two million dollars a year, representing an estimate of the amount of gasoline tax paid by boat users which was not refunded to the individual users because of non-highway use of the fuel.

Hanner said the department felt this money properly could be used for launching ramps and other boating facilities.

SAVE THE LAST DANCE FOR ME

WHAT OUR READERS SAY

Veterans Favor Memorial Building

Editor, Independent-Journal.

As a member of the Marin County Memorial Committee we as a body have long advocated the construction of a Memorial Building long before World War II and the same conditions we meet today. If some of your reporters have covered these meetings and you as editor may have heard on radio K.T.I.M. the sounding board last week you would of had the true facts and your paper will then be doing a community service.

The only differences that have occurred is place of location and the type of floor. If it should be built on the fairgrounds with the state helping on the cost and having full control of its operation with little say-so by the county, the type of floor needed in this type of building is for all public functions.

You are in error when you say this money has been piling up. You should know the cost of building today. Yes, these so called minority veteran organizations have let the county at one time use some \$80,000 of the Memorial fund for repairs at the County Farm. Yes, these same minority organizations are trying and giving their time to see that a Memorial Building is built for all uses. Mostly all these veteran organizations have their own buildings and pay taxes on them, some as high as \$1,188.02 a year. So you can see that they do not want a Memorial for the living veteran; but one for those who have seen the flag wavers when they went overseas and did not return.

No, we do not speak for all veterans, nor do we feel we have some proprietary interest in this fund. Probably we were wrong when asked to take on this project for a community service as an organization to give up our time for what's best for all the people

of Marin County, rather than give in to a few.

We expect a few jabs now and then but not from one of the supervisors or your editorial when trying to please everyone. So let's check the facts. We don't have enough money, only some \$500,000 and have asked if the money set aside for the second phase of the court house could be used, then we can get going. A Memorial is never built for a living veteran nor for any veteran organization. Nearly 90 per cent of these veterans who belong to one of the veterans organizations are taxpayers themselves.

Washington Birthday A Sellastration Day

Editor, Independent-Journal:

Washington's birthday seems to be a Sellastration day for the large stores.

Too bad. I can remember when, out of respect for the Father of our Country business was suspended.

GEORGE R. SMITH
San Rafael

(George Washington fought to make it a free country; some stores are open while others remain closed.

—Editor)

We'll Lose Bay, Let's Fight To Save Hills

Editor, Independent-Journal:

Mr. Dobbs suggests that the lands of the water district need not all be used as a state park.

The I-J suggests that parts of the three charming forts be sold to private interests when they are declared surplus.

Would John Muir have thought this way? Or would he have suggested that the state park include the three forts, the water district lands and as much of the beach between the two to make one grand, unique preserve for the millions that will live in

this area in the future?

There will probably be no stopping the filling of the bay as most of the submerged lands are privately held. If we are going to lose the bay, let's fight like tigers to preserve the hills and the coast of the western sea.

LAWRENCE KEILMAN
Greenbrae

Graveyard Spiral Hazard Disclosed

Editor, Independent-Journal:

Bouquets to the I-J, the AP, and especially to Utah State Aeronautics Director Harlon Bement for the sports page story on Feb. 17 discussing the cause of the Ken Hubbs tragedy and the "graveyard spiral."

I wonder if you realize how precedent shattering your small story was? I predicted this enlightenment would never be printed. For years I've watched the federal aviation authorities carefully bury this news in their confidential files—no statement ever to newsmen on findings or causes—no front page news where it could usefully warn other pilots. Why? You explain it —I can't.

And so for 30 years and longer, improperly trained pilots in blissful ignorance have killed themselves in "graveyard spirals" in unending regularity and frequency. Question a number of civilian pilots sometime and see what percentage of them know what a "graveyard spiral" is! If they don't know what this insidious killer is, how can they know how to avoid it, or escape it, if caught?

What Harlon Bement could not say, and doesn't need to, is that the flying instruction and the licensing test received by Ken Hubbs were criminally deficient.

Thank God I had an oddball instructor who required far more from his students than the federal regulations did, and who was obsessed with the quaint idea that his record essentially depended upon the longevity of his graduates. The statistics I have, indicate the latter was limited only by natural causes.

ROBERT J. MCCARTER

Prince Fails In British Job Test

LONDON (UPI)—Prince William of Gloucester, one of Queen Elizabeth's favorite cousins, has failed a civil service entrance examination for the second and last time, it was announced yesterday.

The 22-year-old prince is currently taking a post graduate course in economics at Stanford University in California.

A family spokesman said William has been informed that he failed a civil service examination for entry into the commonwealth relations office.

ROSCOE DRUMMOND

Who Is Winning Vietnam War?

—Right Now It Looks Like Reds

SAIGON — How fares the war against the Communists in Vietnam? Are we winning or losing?

The most candid and careful answer I can give after a 10-day first-hand look—not confined to Saigon—is this:

1. We are not winning this war against the Viet Cong Communists.

2. There is no present assurance, the way things are now going, that we — the South Vietnamese and the United States—will win it.

3. At this stage there is a stalemate and time is on the side of the Communists.

4. We don't have to lose it. This war can be won. It can be won on two conditions: If the American people have the staying power to stick with it and if the South Vietnamese government can win the confidence of the people.

THAT'S IT. That's how things stand today.

Things have not been going well. They have been going badly for nearly nine months. True, the worst deterioration is being arrested. But to repair the worst is not the stuff out of which victory is fashioned — and victory is not being fashioned today. The outlook is uncertain and precarious.

There are reasons.

The principal reason is that South Vietnam has had three governments in three months. Result: The whole war effort slid downhill. It slid to a dead stop during the final deteriorating months of the Diem regime. The two military governments which followed Diem were inevitably marked by delays and uncertainties.

I AM NOT saying that these political changes were bad or unnecessary. I believe they were necessary, but the very process of two military coups, with their disruptions

and remaking of the military and civil administration, gave the Communists the most alluring opportunities to gain ground in nearly every part of the country. They did.

Important auxiliary roads were cut. Many schools were closed because the teachers fled in fear, and in the over-extended strategic hamlet program whole hamlets were overrun by the Viet Cong and the unprotected farmers forced into areas controlled by the Communists.

Today Maj. Gen. Nguyen Khanh, who engineered the second coup, is trying to create a government which can govern and to turn the long-weakened war effort around and head it away from defeat — toward something better.

But General Khanh, now in supreme authority, is so new at his job, so untried, so politically inexperienced, that no one can say, not even the general himself, whether he can move fast enough and wisely enough to repair the past and go on to win.

ONE MUST understand the nature of war by insurrection and terror to understand the struggle in which the South Vietnamese and the U.S. are engaged in this divided nation whose frontiers with Cambodia, Laos and North Vietnam are open to constant infiltration.

The Viet Cong objectives are (1) to weary the Vietnamese people of the struggle, and they are getting pretty weary; (2) to tire and frustrate the Saigon government so that its only alternative would be to share authority with the Communists, and that would mean a Communist takeover; and (3) to outstay the United States in the sure knowledge that, if the Americans will quit, then a Communist victory is only a matter of time.

WASHINGTON WINDOW

Just Who To Boycott, Who To Leave Alone?

By LYLE C. WILSON
United Press International

CONSIDER THE MATTER of American wheat, British buses and Polish ham. Secretary of State Dean Rusk has invited American citizens to boycott the produce of British firms that sell buses to Fidel Castro.

But the administration says these same citizens should not boycott other products, such as Polish ham. Nor should the U.S. maritime unions boycott the piers where ships await to be loaded with American wheat for the Soviet Union.

It would seem that the administration wants it both ways, heads you lose, tails I win. There is no present compulsion, of course, on U.S. citizens to boycott British buses or British anything. Neither is it clear by what authority the administration could insist that U.S. citizens forego boycotts against, for example, loading wheat for the Soviet Union, or against Polish hams.

THE STATE DEPARTMENT says such boycotts interfere with U.S. foreign policy. The boycotters explain that is what they have in mind, believing that they are opposing bad foreign policy. The administration doesn't have any law handy to prevent a citizen opposing policy, foreign or not, by any lawful means. If the method of boycott is unlawful, how is it that the

secretary of state has invited American citizens to boycott certain British firms?

The State Department will assert, no doubt, that Rusk issued no such invitation. And it will be asserted right back that the State Department is quibbling outrageously if it refuses to concede that the secretary did, indeed, invite a citizens' boycott.

WHAT IT SEEMS to add up to is this: That American citizens are entitled to boycott anything and anybody within the limits of the law. If that is a fact, then the maritime unions are on solid political ground in refusing to load U.S. wheat for the Soviet Union.

The U.S. maritime unions are not alone in doubting the merits of a foreign policy which requires the sale of U.S. wheat to help feed the military and economic machine with which Nikita Khrushchev intends to bury us.

A similar thought lies behind the efforts to discourage U.S. consumption of Polish hams and other produce from behind the Iron Curtain. The thought may be wrong but it appears that the citizens are entitled to have it.

Richmond Bridge Crossings Up By 7 Per Cent

A total of 319,034 vehicles crossed Richmond-San Rafael Bridge last month, an increase of 7 per cent over January of 1963.

The toll collection for last month was \$259,974, an increase of 5 1/2 per cent over January of 1963.

Heaviest traffic last month came on Sunday, Jan. 26, when 18,743 vehicles crossed the span. Tuesday, Jan. 21, had the lowest traffic, with 8,629 crossings.

The record one-day traffic, 18,743, came on Sept. 2, 1956, the Sunday after the bridge first opened. The slowest day was Tuesday, Oct. 30, 1956, when only 4,312 vehicles crossed.

Perhaps A Little Foresight Might Have Saved School Board Trouble

SOME MEMBERS of the San Rafael Board of Education are looking askance at the proposed reshuffling of science laboratories in one wing of Terra Linda High School.

When board member Bella H. Aaron lifted her brows at the architect's estimate of \$75,296, she was told by Supt. Bert C. Corona that she and other board members had already authorized much of the work.

The part in question at last Tuesday's meeting of the board was converting two science labs and a classroom into three science labs at a total \$32,420. This will be done by making the two existing labs smaller and the classroom larger, ending up with three labs, all the same size.

Architect Carl F. Gromme told the board that \$18,535 of the cost would be for structural conversion, moving partitions and plumbing and so on, and \$13,885 would be needed for equipment.

BOARD MEMBERS seemed to think Terra Linda High School still a little too new to start remodeling. But Corona said the extra laboratories will be needed.

Complicating the board's thinking on the question is federal support under the National Defense Education Act. For some reason, the board cannot enjoy the full measure of federal support if the project is not completed before July 1 of this year.

Since this is a federal requirement, no one in our local school district would think of questioning it, especially since the full measure of support will come to about half the

total cost or \$37,688. Corona said the time limit behooves the board to make its decision in a hurry.

"I DON'T KNOW why these things always come to us as emergencies," board member John M. Bagshaw complained. He and board member Carl J. Brown both asked for more time to study the proposal. And the action was put off until 7:30 p.m. today.

The board's refusal to be rushed into a decision on a construction matter was refreshing. Perhaps it indicates a slower, more careful consideration of such matters in the future.

Often the board has rushed into things and learned to regret it in subsequent, more leisurely moments. Often they try to pass this off as a mistake of the architect or contractor, which seems unfair. Decisions rest with the board, including decision on who the architect or the contractor for specific jobs will be.

IF THE BOARD did some searching of earlier decisions, it might find, for instance, that a more careful look at school needs during the original planning of Terra Linda High School, not many months ago, would show an error in estimating needs of science laboratories.

Perhaps the original construction would have then called for the three labs where there are now two labs and a small classroom.

But foresight and hindsight are not the same things, not by a darn sight. However, hindsight sometimes sharpens foresight. Perhaps this is what is in progress among the visionaries on the board of education.

1,000 Sixth Graders Due In Essay Contest

One thousand sixth-graders in Marin County public schools are expected to enter the second annual Public Schools' Week essay contest which started yesterday and ends March 13, according to county Masonic Lodges, sponsors.

Topic is "The Public School — What It Means to My Future." Judging will be at individual schools, with three from each school chosen through the county superintendent's office and presented to a committee for final selection of winners.

Public Schools' Week is April 20-24.

Major prizes for winners will be awarded at a dinner meeting early in May at Masonic Temple in Larkspur.

Last year's grand prize winner was Wendy Kanoff of Marion School in Novato.

The sea otter's decline began in the 1740s when shipwrecked Russian sailors wintered on a barren island off Alaska and survived by eating what they called "sea apes."

Death Recalls Overell Case

FONTANA (UPI)—Ira Overell, 78-year-old brother of one victim in a sensational 1947 murder case, died Sunday after suffering a stroke in his home.

In the unsolved case, a time bomb blew up a yacht owned by Overell's brother, Walter, 62, and his wife, Buella, at Newport Beach, but it was learned later the couple had been beaten to death and their bodies left on the yacht before the explosion.

The couple's daughter, also named Buella, and her fiancé, George (Bud) Gollum, were arrested and acquitted of charges after a 133-day trial.

A Tribute To Uncle Sam!

With the world's brow full of worry wrinkles and all of us praying for a workable peace, the beloved old "Uncle" who symbolizes our nation becomes the most important "relative" we can have! So let's pause now and then, in our busy preoccupations and silently thank God for the strength of our Government. Stephen Decatur said "right or wrong, this is my country." And the spirit of his loyalty lives on today as never before. It may be that our statesmen are not always far visioned, but their sincerity is never questioned nor their motives impugned. United we stand, the United States of America... the Land over which Uncle Sam is continuously watchful!

Formula Conversationalist
One Of Curses Of Our Day

NEW YORK (AP)—One of life's little ordeals today is the person who says, "Let's don't talk about me—let's talk about you."

When you hear anyone make this remark, flee him on sight. For you are in the presence of that most boring of all bores—the "formula conversationalist."

The formula conversationalist is one of the curses of our day. He, or she, is someone who has read a book or taken a course on how to influence people through personal magnetism and social charm.

THE CRUX of the advice he has received seems to be this: "The best way to be interesting to others is to show how deeply you are interested in them. Get them to brag a little about themselves, and they will open up like an oyster."

The mistake the formula conversationalist makes lies in believing that the average man is always glad to talk about himself to anyone who will listen, and that he enjoys bragging 100 per cent of the time.

THE AVERAGE man normally prefers to talk about himself only to someone he himself wants to impress; and,

except when inhabited by too many martinis, he rarely brags more than 75 per cent of the time.

The male formula conversationalist claps you on the back enthusiastically with one hand while energetically pumping your limp paw with the other, as if he were trying to draw water from a reluctant well. If a woman, she puts her arm cosily in yours, snuggles close, and gazes up into your face with a soft, doe-eyed friendliness.

"TELL ME what's new with you—have you taken any interesting trips lately?" Should you or should you not tell her about your last subway trip to the Bronx?

The trouble with the formula conversationalist's formula is that it doesn't work. People quickly realize a false interest in them from a real one.

How to deal with a formula conversationalist? As soon as he begins his butter-voiced inquiries, deal him a judo blow to the throat, put a heavy knee into his solar plexus, and say:

"Enough about me—what's been happening to you lately?"

You'll leave him with an unforgettable impression.

Boy, 12, Injured In Bike-Car Crash

Thomas Fall, 12, of 14 Amberwood Lane, San Anselmo, was in good condition today in Marin General Hospital after suffering a broken left leg and a broken finger in an auto-bike accident Saturday afternoon.

The accident occurred at 1:22 p.m. Saturday on Sequoia Drive at Cottage Avenue when the bicycle of the boy, who said his brakes were not working, collided with a car driven by Thomas H. Fehl of 14 Amberwood Lane, San Anselmo, said police chief Raymond R. Buchignani.

Two Television Sets Stolen In Sausalito

Two television sets, valued at a total of \$257, were stolen Friday night from the Village TV, 60 Humboldt Avenue, Sausalito, police said today.

Mark Chapin of 16 Cazneau Avenue told officers at 9:40 p.m. that the burglar alarm was ringing on the shop building, and owner Ellis Murphy of 290 Redwood Road, San Anselmo, was called. Murphy found missing from his window display a portable set, valued at \$133, and a 16-inch set, valued at \$124. Entry was made by forcing the lock on a sliding window.

Two Groups Forming In Scott Valley

Two new organizations are being formed in Scott Valley, a homeowners association which is concerned with problems of general interest and a recreation club which is concerned with recreational activities.

Both Mill Valley organizations are being incorporated as non-profit bodies and permanent officers are planned to be elected after charters have been received, according to George Caulfield, secretary of the homeowners association.

Wilson Fraker of 12 Stanton Way, insurance agent with the Manufacturers Life Insurance Co., San Francisco, is president pro tem of the homeowners association. Interim directors are Jack Eshleman, Leo Lowe, John McGraw, Dr. Allan Moss, George Putnam, Henry Dacier, Ralph Swanson, Fraker, and Caulfield.

Herbert H. Korner, 8 Eton Way, a consulting engineer in San Francisco, is president pro tem of the recreation club. Directors are Leonard Asiano, John Bluth, Paul Camera, Mrs. Rita Deveraux, Richard Bricker, Warren Pollock, Eugene McDonald, Mrs. Donna Sargent, and Korner.

Oil Painting Show

Bruce X. Balfour of Mill Valley will show a collection of oil paintings through March at Creative Arts Gallery, 22 El Portal, Sausalito. Balfour, who recently moved from Muir Beach to Mill Valley with his wife, Ann, and family, studied with the California School of Fine Arts.

African Animal Films Due Friday

Mrs. Joy Adamson will lecture and present colored moving pictures on the wild life of East Africa at San Rafael High School auditorium Friday from 7 to 9 p.m.

Mrs. Adamson and her husband, senior game warden in Kenya, raised a lion cub to its full growth. She has written three widely sold books about the experience. Her lecture fees are being turned over to the preservation of wild life in British East Africa.

The program is sponsored by the Junior Museum of Marin.

San Rafael High P-TA Holds Meeting Tonight

"Outside of San Rafael High" will be topic of a Town Hall-type meeting of San Rafael High School Parent-Teachers Assn. at 8 p.m. today in the school cafeteria.

The discussion will involve ideas on what students can do after school hours. Panelists will be Kelvin J. Nelson, county parks and recreation directors; Mrs. Constance Bruce of Family Service Agency of Marin; Dale Greenlee, program associate of YMCA of Marin and Sgt. Louis Foster, San Rafael police juvenile officer.

Knowland To Speak On Barry Thursday

William F. Knowland, chairman of the California Goldwater for President Committee, will speak at a public luncheon Thursday noon at Tomahawk Lodge in Novato.

The talk is sponsored by the North Marin Republican Women. Mayor M. E. Babe Silva of Novato will introduce publisher Knowland.

HOW TO PLAY WINNING BRIDGE

By ALFRED SHEINWOLD

Signal With High Card Says To Partner Lead Suit Again

When a defender plays an unnecessarily high card he is trying to signal to his partner. This is fine when the meaning of the signal is clear, but some players have so many signals that they zig when they should be zigging.

East dealer		Both sides vulnerable	
NORTH		EAST	
♠ 9 4	♥ 8 5	♠ 3	♥ K 8 5
♦ 7	♦ K 10 9 8 4	♦ 2	♦ Q J 6
♣ A K J 9 7 6 3	♣ A 7 5	♣ 10 8 3 2	♣ K Q J 9 6 4
SOUTH		NORTH	
♠ A Q J 10 7 6 2	♥ 5 3 2	♠ 9 4	♥ 8 5
♦ 10 8	♦ K 10 9 8 4	♦ 7	♦ Q J 6
♣ A Q J 10 7 6 3	♣ A 7 5	♣ 10 8 3 2	♣ K Q J 9 6 4

East South West North
1 3 4 6
All Pass
Opening lead — ♠ K

Don't bother to tell South and North that their bidding was unsound. They know it now, but they didn't know it at the time. They're happier that way.

LONG SUIT
South thought his jump to three spades showed a long but not completely solid suit, with no side strength worth mentioning — very much like an opening bid of three.

But North evidently assumed the spades were solid since he jumped to slam. North should have been satisfied with game, and his mistake caused him to cry all the way to the bank.

West opened the king of hearts, and East played the queen of hearts — an obvious signal. That is, East was obviously trying to signal something—but what?

WRONG MEANING
West thought that the unnecessarily high card asked him to switch to the higher side suit, diamonds. When West led a diamond, dummy won and declared the nine of spades for dummy for a finesse.

The finesse worked and declared led the other spade from dummy to repeat the finesse. He then drew the last trump and ran the diamonds to get rid of his losing hearts.

The score of 1,530 points was quite satisfactory, all things considered.

WANTED HEARTS
East actually wanted hearts continued at the second trick. He wanted dummy to ruff, after which there would be only one trump in dummy to lead through the king of spades. East would eventually get a trump trick, defeating the contract.

East was right. The most important meaning of a high card is: "Partner, continue this suit. I like it."

There are times when a high card shows strength in a high side suit, but don't confuse these cases with the simple "come on" signal.

Use a high card to ask for a switch only when it is clear to both partners that a continuation is unthinkable.

QUESTION

As dealer, you hold:

♠ A Q J 10 7 6 2

♥ 5 3 2

♦ Q 10 8

♣ None

What do you say?

Answer: Pass.

The hand is not worth an opening bid of one spade, but is far too strong for a shutout bid. Pass first and wait for a chance to bid secondarily.

For Sheinwold's 36-page booklet, "A Pocket Guide to Bridge," send 50¢ to Bridge Book, Independent Journal, P.O. Box 330, San Rafael.

ALMANAC

Today is Tuesday, Feb. 25, the 56th day of 1964 with 310 to follow.

The moon is approaching its full phase. The evening stars are Venus and Jupiter.

Those born today include the great operatic tenor, Enrico Caruso, at Naples in 1873.

On this day in history: In 1804, a group of congressmen unanimously nominated Thomas Jefferson for president.

In 1901, J. P. Morgan incorporated the U.S. Steel Corp. in New Jersey, the first "billion-dollar corporation."

In 1948, the Communists seized complete control of Czechoslovakia.

In 1962, astronaut John Glenn was cheered by thousands in a march through the capital. Later he gave a 17-minute address before Congress.

A thought for the day—Athenian dramatist Euripides once said: "Who neglects learning in his youth, loses the past and is dead for the future."

TIME AND TIDE

Department of Commerce, United States Coast and Geodetic Survey, Western District headquarters, Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; bold-face type indicates p.m. times.

Hamilton Defense Savings Reported

The 78th Civil Engineering Squadron at Hamilton Air Force Base is doing its bit to aid the Department of Defense's cost reduction program.

The squadron brought out a saving of \$617.40 this month when it eliminated numerous circuits and fire phones serving base personnel living in Raphael Village.

Under the new system, residents can now dial direct to the base fire department.

Completes Course

Army Sp/4 Russell R. Flamme of 144 Ross Avenue, San Rafael, has completed a German language course conducted by the Fourth Armored Division in New Ulm, Germany.

Trustees Show How Spanish Class Works

The Kentfield School District board last night was presented with a live demonstration of a new method for teaching foreign languages by Gabriele Lohberg, seventh and eighth grade teacher at Adaline E. Kent School.

Nineteen students of Miss Lohberg's eighth grade class participated in the demonstration. Classroom teaching aids were used.

Students in her classes are divided into three groups. The teacher meets with one group and engages members in a discussion in Spanish. The other two groups are listening to tape

recordings prepared by the teacher in the listening center.

During the one class period, Miss Lohberg moves around to all three groups so all have a chance to participate in the dialogue session and listen to the tape recordings.

The Kentfield School District board also:

1. Awarded a contract to Herrero Brothers Inc., to construct a connecting corridor at Kent School for \$7,412.

2. Accepted the resignation of Leonard Dickinson, a custodian at Wolfe Grade School, and hired Roy Van Pelt to replace him.

3. Approved a policy where-

Shoreline Safety Is Discussed

Safety on Panoramic Highway was a major topic of discussion at the Muir Woods Park Improvement Assn. meeting Friday.

Members want white lines painted on the road in the center and along the edges. A posted speed limit was also urged.

Members also discussed plans for their annual Mountain Fair to be held near the end of September at the clubhouse.

by experienced teachers beginning in the district may be placed higher on the salary scale than the sixth step.

4. Agreed to let the Little League use the playgrounds at the Wolfe Grade and Kent schools.

Board Passes On Hiring Of 4 Planners

The Marin County Board of Supervisors today approved hiring of three senior planners and one junior planner for the county planning department, each at the third step in the salary range.

The actual appointments have not been approved, but the applicants have been selected and are expected to start work during March, Planning Director B. D. Dobbs told the board.

This will bring the department again up to full strength, including one extra person to work on the county master plan for parks. In the case of the junior planner, Dobbs said a promotion will be recommended as soon as the man, Edward H. Low, receives his master's degree.

Two senior planners to be hired are Wesley Wilkes, who once before worked on the Marin County staff but now is working in San Francisco, and Ned William Parsons, expected to be used mainly on advance planning jobs.

Dobbs said he had offered the post of park planner to Walter S. Horchler of Portland, Ore., but said he wanted the job made permanent on the planning staff, so that after the six month master plan job is completed, the planner will not be released.

Dobbs also said he did not feel park funds should be used for park master planning. He said that starting July 1, if his recommendation is approved, the planning department budget would pick up the cost of park planning.

The board also approved increasing the pay of the junior planner by 5 per cent. Personnel Director Robert D. Elliott explained that the position was inadvertently left out in a general salary increase for planners last July.

The board also received a letter from the League of Women Voters asking more work on zoning violations, and agreed to consider the problem at budget time.

Also put over to the budget sessions was the request for a 5 per cent cost-of-living increase by the County Employees' Assn. County Administrator Alan Bruce said he would present information then on actual changes in the cost of living in the Bay Area in the past two years.

On the employees' association request that the Friday before a Saturday holiday be given off, the board compromised. The supervisors directed drafting of an ordinance, to be considered next week, that whenever two or more holidays a year fall on Saturdays, half the staff in a department will be given a day off the day before the first holiday, and half before the second.

This year, Washington's Birthday, Memorial Day and Independence Day all fall on Saturday.

The supervisors approved a policy of overlaps where a new employee must learn a job from an employee who is leaving. Limits of five days for clerical positions and 10 days for professional jobs were set, with a loophole allowing the personnel director to ask for longer time.

Wales Is Site For Nuclear Power Plant

London (UPI)—The world's most powerful nuclear power station will be built at Wylfa Head in Wales at a cost of 280 million dollars, it was announced yesterday.

The atomic power group, consisting of three companies that will build the station for the state electricity board, said the station will have an output of 1.18 million kilowatts. It is scheduled to start supplying power in 1968.

Independent-Journal, Tuesday, Feb. 25, 1964 13

Mill Valley Summer School Program Set

Workshops in writing, geology-nature study and drama will be added to Mill Valley's summer schools program, June 22-July 17 at Edna Maguire and Alto schools.

There will be individual instruction to pupils for 15 minutes daily for those having unusual difficulty in reading and learning.

Also being offered are courses in math, science, conversational French and Spanish, physical education, typing, art, beginning instrumental music, vocal music and chorus.

The summer school plans were approved last night for grades four through seven at a meeting of Mill Valley school district trustees.

In the writing program, according to Dr. Logan Miles, summer school principal, the plan is to use a special tutor plus a teacher, each to handle 12 to 15 students.

Language teachers William Tasca, Mrs. Henry Gustafson and Mrs. Byron Spars presented objectives of foreign language instruction the board took their recommendations under consideration pending a study of the 1964-65 budget.

An "ideal" program, the teachers said, would mean pupils would meet three times a week instead of the present twice, there would be a text or

work book for sixth graders, another teacher would be hired either on part or fulltime, and the program would be extended to fourth grade or lower if more special teachers were available. Languages are now given in fifth through eighth grades.

The Mill Valley School District trustees also:

1. Adopted a 1964-65 school calendar of 179 teaching days, one more than for 1963-64, to start Sept. 10 and end June 17, 1965.

2. Accepted resignation of Jane C. Davis, fourth grade teacher at Park School.

3. Adopted as policy encouraging personnel to "keep abreast of current practice through attendance at meetings including conferences, conventions, observation of operations and inspection of facilities."

4. Adopted a policy which states that the district's educational purposes are best served by a staff "reflecting a varied background of education, culture, race and religion . . . while professional qualifications and personal fitness shall remain the basic criteria for selection, the administration shall recruit purposefully to obtain and maintain this desirable diversity."

Novato To Discuss Law On Interests

The Novato City Council will have a public hearing at 8 p.m. on the proposed ordinance that members list their real property.

The ordinance would require all councilmen and city commission members to list property they own or have an interest in, either as an individual, a partner or a corporation stockholder.

The council also is expected to authorize placing on the April 14 municipal ballot a proposal that councilmen be paid \$25 per meeting, not to exceed \$75 per month. Councilmen now receive no compensation.

The council also will open bids on three police vehicles: a station wagon and two patrol cars.

Check Engines, Coast Guard Says

A thorough inspection of boat engines before putting them to work after winter was urged today by the Coast Guard.

There were more than 40 calls during the weekend to the Coast Guard Rescue Station, many of which would have been unnecessary had the boat owners checked the engine parts before getting underway, the Coast Guard said.

Many of the calls were answered by aiding boaters with disabled engines, engine trouble and similar problems.

Liston Heavily Favored To Pop Clay's Bubble Tonight

By WILL GRIMSLEY
MIAMI BEACH, Fla. (P)—Heavyweight champion Sonny Liston, the brooding destroyer, is an overwhelming 7-1 favorite—with virtually no betting—to burst the fabulous bubble of the brash bard from Louisville, Cassius Clay, tonight.

Most observers predict the lights will go out for the boastful, poem-spouting challenger within minutes, perhaps seconds, after the scheduled 10 p.m. (EST) opening gong in Miami Beach's pink-and-blue Convention Hall.

The fastest knockout on record in a heavyweight championship is one minute, 28 seconds, scored by Tommy Burns over Jem Roach March 17, 1908, and many are convinced this old mark will be broken.

"I won't be trying for a record, but I am for a quick knockout," Liston said. "It will be over as soon as I catch him." Sudden demolition has become the theme of Liston's awesome fists.

He has knocked out his best three opponents—Albert Westphal of Germany and former titleholder Floyd Patterson,

twice—in the first round, using a total of 6 minutes, 14 seconds.

The 23-year-old Clay, who says he "floats like a butterfly and stings like a bee," refused right up to the zero hour to assume the role of a man waiting for the modern guillotine.

"I'll outbox him in seven rounds and knock him out in the eighth," he insisted, adding his favorite poetic twist: "I'm predicting eight to prove I'm great."

His never-ending spiel of "I'm the king—I'm the greatest" has failed to make a dent

however, on boxing fans, who must shell out on a scale of \$20 to \$250 for one of the 16,000 seats. Indications were that they would stay away in droves.

Needing \$800,000 to break even on the venture, promoter Bill MacDonald, the self-made Miami millionaire, said sales had reached only \$330,000 and that only a last minute rush for the ticket windows could save him from a financial bath.

Meanwhile, a vast closed circuit television network, covering 269 theaters and arenas in the United States and Canada,

is expected to gross between \$4 and \$5 million, assuring both fighters a handsome pay day.

If the over-all figure reaches \$5 million, Liston, who also has a half-share in the parent promotional setup, stands to earn \$1,360,000. Clay could draw \$600,000, not bad for a young man who was an amateur four years ago on Uncle Sam's Olympic boxing team and who has literally gabbed himself to the threshold of the sports greatest prize.

The bout will be televised to Europe via satellite communication and will be broadcast nationally by the American Broadcasting Company.

A victory for the Louisville Lip—regarded as something in the miracle category—would provide one of the upsets of the century and one of the most astounding success stories in sports history.

Cassius acknowledges that he patterned his publicity campaign after that of the late wrestler, George G. George, and started "throwing the jive"—as he put it—to attract attention.

Now he has banged his cane

CLAY

COMPARISONS—Here's how champion Sonny Liston and challenger Cassius Clay measure up for tonight's heavyweight title fight.

WILD WEIGH-IN DEMONSTRATION

Cassius Slapped With Fine

MIAMI BEACH (P)—A wild-eyed Cassius Clay drew a \$2,500 fine for his bizarre shouting demonstration at the pre-noon weigh-in for tonight's heavyweight title fight against cham-

Champion Sonny Liston.

Clay, the poem-spouting Louisville Lip, weighed in at 210 1/2 pounds, lighter than expected, and the champion at 218.

Commission doctors, who examined both fighters, said Clay's pulse was racing at 120 beats a minute while Liston's registered a normal 80.

Although warned by Chairman Morris Klein of the Miami Beach Boxing Commission against any wild demonstrations, the 22 year old challenger showed up for the weigh-in ceremonies with a cordon of associates, screaming at the top of his lungs and at times brandishing his fists at Liston.

"I'm the greatest, I am the best in the world," Clay yelled, stomping about the temporary platform.

SILENT LOOK

Liston looked at him in surly silence. Once he winked at someone on the side and smiled slightly—his only show of emotion.

Liston held up two fingers, which could have been interpreted as a victory sign or a prediction of how long the fight would last.

Once the two fighters were no more than three feet apart and Clay was jumping and holding his fists high, yelling at the champion, "I'm going to eat you alive."

Liston cupped his hands over his mouth and said in a low tone, "Don't let everyone know what a fool you are."

Klein said he had warned Clay earlier that he would stand for no foolishness on the day of the fight—particularly when the two enter the ring tonight at 10 p.m., EST.

NO CIRCUS ACTS

"We have had seven title fights here without any incidents and will not stand for any circus acts," the commission chairman said.

"I told Clay that if he acted up at the fight I would withhold his purse."

Klein said the commission at first wanted to fine Clay \$5,000 for his unseemly conduct, but later decided to temper the punishment.

A crowd of about 500 gathered at the Cypress Room at the back of the beautiful, modernistic, 16,000-seat Convention Hall, where the bout is to be staged, anticipating some kind of fireworks from the unconventional Clay.

They were not disappointed. First Clay showed up about one-half hour before weigh-in was scheduled to begin with his chorus of friends. The group carried large banners which said, "The Bear Season Opens Tonight," and Clay's blue denim jacket was emblazoned with the warning, "Bear Huntin'".

ALONG MARIN'S
SPORTS TRAIL

By JIM GILMARTIN

Liston Will Finally Catch Up To Clay In The Seventh Round

We might as well go along with the rest of the crowd and express an opinion on tonight's fight, for whatever it's worth.

I go along with the overwhelming majority in picking Liston by a kayo, but differ slightly in that I think Clay will be around longer than most people think.

Cassius must have learned a lesson watching Floyd Patterson go into the pit against the animal-like Liston. Where Floyd got downright careless and wound up on Queer Street in the first round of both fights with Sonny, Cassius, I feel, will utilize his speed and stay away from the champ's block-busters in the early rounds.

However, that ring is just so big and you can run for only so long, so it's only a question of time.

I think Liston will finally catch Cassius around the seventh round, chew him up and spit him out.

So there it is: Liston in seven. And that's longer than most observers give Clay.

COLLEGE of Marin's highly-successful basketball coach, Cal Riemcke, has a by-lined article on "Penetrating the Press Defences" in the "Cal Coach," a quarterly published by the California Coaches Assn.

DICK CURRY of San Rafael, veteran North Bay sports official, points out that the San Rafael Bulldogs are the only team to spoil Napa High's perfect basketball record this season. Napa has won 20 games and lost only 2, both to San Rafael.

THE 10TH annual Redwood Clinic, largest all-prep football clinic in California, will be held March 14 at the Larkspur school with Vince Tringali and Mort Kaer, co-coaches of the North Shrine team, heading the list of speakers.

Other coaches on the agenda

Giants Start Drills; Mays Gets Unexpected Day Off

CASA GRANDE, Ariz. (P)—Alvin Dark wasted no time putting his operational plan of 1964 into effect at the San Francisco Giants training camp as Jimmy Davenport headed for second base and rookie Jim Hart to third.

Between them at shortstop was Gil Garrido but he'll be replaced as soon as Jose Pagan reaches camp and comes to financial terms with the management.

Hart and right fielder Jesus Alou are the two rookies upon whom the Giants count on this campaign.

"I have always thought that Davenport would make a fine second baseman," Dark said. "The big question was who we could play at third."

Right-handed pitcher Jack Sanford, who won 16 games a year ago as a 200-pounder, reported to camp at 187.

Kansas City Officials Hold Back Enthusiasm

KANSAS CITY, Mo. (UPI)—Charles O. Finley, the unpredictable owner of the Kansas City Athletics, comes back to town tomorrow to sign a Municipal Stadium lease he once vowed never to accept.

neither attempt to move the Athletics nor try to break the lease by suing the American League.

"We want an opportunity to have our confidence rebuilt in the stability of the Kansas City franchise before we take any positive action," Krakauer said.

But city officials, though sensing an apparent end to the crisis over the Athletics, held their enthusiasm in check today. They were sitting tight, waiting for the four-year lease to be signed, sealed and delivered.

"I think the future of baseball will be assured here at the time the lease is executed," said Mayor Irlus W. Davis in a statement.

"As soon as we can get the lease executed, I want to do everything I can to work with the other groups in the city to assure a great baseball season here."

The Athletics open their home season eight weeks from tonight against the Cleveland Indians.

But the only baseball activity here today was the work of city attorneys. They were drawing up the six-page formal draft of the lease they hope to make escape proof.

Kenneth Krakauer, president of the chamber of commerce, said he would hold back a ticket sales campaign until Finley signed the lease and also gave assurances that he would

Salinas Team Takes Lead In Bowling Tourney

OAKLAND (UPI)—A barrage of strikes at Oakland Auditorium has shaken up the regular team standings at the American Bowling Congress Tournament.

Valley Center Bowl Masters of Salinas, last night grabbed the top spot by rolling a 2,898 series and two other teams also pushed ahead of the former pace-setter.

Eberlein Insurance of Napa shot a 2,865 and Fye Aviation of Casa Grande, Ariz., shot a 2,837 to leave Barney's Boys of Pico Rivera back in fourth place with their 2,818.

Lee's Secretarial Service of Santa Clara, shot 2,801 to move into fifth place.

In booster team competition, anchor man Don McNicol fired a 657 series to push Rockport Redwood Co. of Cloverdale into fourth place with a 2,696.

Oakland Chinese Bowling Club No. 2 still leads that division.

Regular singles and doubles competition was to highlight today's events.

Chop House Wins At Santa Anita

ARCADIA (P)—Chop House came out of a photo finish to win the \$24,650 Santa Monica Handicap at Santa Anita Park.

The four-year-old daughter of Porthouse grabbed the lead in the final strides yesterday to beat Sunday Doll by a head.

Winning time for the seven furlongs was 1:22 4/5. Chop House, ridden by Braulio Baeza, paid \$17.40, 9.60 and 7.40. Sunday Doll paid \$10.20 and 7.40 and third-place Jazz Queen returned \$10.20.

Blair Smith Wins Trophy Tourney

Blair Smith shot a 71-14—57 to win the Trophy Day tourney at the Mill Valley Men's Golf Club Sunday. The trophy was donated by club president Keeley Nash.

Other winners:
First Flight—Newt Page, 68-10—58; Hal Michaels, 75-17—58; Frank Lyman, 75-16—59.
Second Flight—Dr. David Schmidt, 79-18—61; Tom McAuley, 87-26—61; Dale Prady, 80-18—62.

THE DEPENDABLES: SUCCESS CARS OF '64

Get something off your chest. Your knees, for instance!

Imagine, unwinding and relaxing in a compact. Now you can! And that goes for backseat passengers as well as travelers up front. Because Dart is a compact in the large economy size. Lots of room for hips, heads, feet and knees. Family-size room all-round.

And what goes for Dart in the comfort compartment goes ditto in the performance department. Standard engine is the famous Slant 6 that'll outlast the extra-cost engines in most other compacts. For even more action, there's an optional new Dart V8 that takes no sass from any size car.

But don't let the comfort and sizzle fool you. Dart is a compact. Witness its low price, easy upkeep, great gas mileage, and snappy parkability, and you'll know what we mean. If you're tired of cramped, underpowered compacts, talk to the man who can do something about it—your Dependable Dodge Dealer.

23RD STRAIGHT WIN

UCLA Wraps Up Big 6 Cage Title

UCLA today had its third consecutive Big Six basketball title to go along with its 23-and-O record and number one ranking in the nation.

The Bruins gave University of Washington fans a brief thrill by going stone cold last night for a few minutes before coming back to pick up a 78-64 victory over the Huskies.

UCLA actually won the game at the free throw line, outscoring the Huskies, 26-10.

SURPRISE

Keith Erickson was the surprise high scorer for the Bruins with 26, while Lynn Nance had 20 for the Huskies.

That gave UCLA a 12-0 record in conference play with three games to go.

California holds second with an 8 - 4 mark after nipping Washington State, 72-70, at Pullman last night. The Cougars trailed 41-29 at halftime, but then closed with a rush to almost win.

Don Wolthers had 17 for California and Jim Walton 20 for the losers.

The game was again decided at the free throw line where the Bears had 22 to 14 charity tosses for the Cougars.

Stanford stayed in third place position by nipping Southern California, 64-63, at the Los Angeles Sports Arena. That made the Cards' record 7-5.

PRESSURE TOSS

Tom Dose had 23, but it was Kent Hinckley's free throw with four seconds to go that decided the contest. Al Young scored 18 for the Trojans, who

GRACEFUL SHOW AT HALFTIME

Barbara Simmons, student at San Rafael High School, demonstrates some movements on the parallel bar during a halftime show at last Friday's basketball game between San Rafael and Marin Catholic high schools. The above pictures show there

is beauty at basketball games, although it may not be during the game. After the show concluded, the Bulldogs of San Rafael High went on to nip Marin 46-45 to retain possession of first place in the Marin Athletic League. (Independent-Journal photos)

Western Motif For Olympic Uniforms

HOLLYWOOD (UPI)—America's wild west heritage and informality have been combined in the uniforms the 500 men and women members of the United States Olympic team will wear at the Tokyo Games in October.

The western motif was supplied at a recent preview of the Olympic uniforms by the cowboy-style hats displayed for male members of the team.

The showing was held at a press luncheon of the American Institute of Men's and Boy's Wear which stressed that the designers of the Olympic uniforms had as their goal to provide the athletes with "an American flair."

WESTERN HATS
To achieve that goal, the men's parade uniforms consist of navy blue blazers, dark blue ascot ties worn inside open white shirts, white slacks and white shoes—all topped off by the western hats.

The women's uniforms to be worn at the opening ceremonies of the Tokyo Olympiad consist of one-piece sleeveless dresses with modified turtle-neck design, over which the ladies will wear shiny nylon-coated blue jackets trimmed in red and white.

The uniforms modeled for the preview were described by Gar K. Gilbert, member of the Olympic Apparel Committee, who said the aim of the designers was to create "handsome, exciting outfits—not uniforms."

The clothing the Olympians will receive when they win places on the U. S. team go beyond just parade outfits. The men will be provided also with travel suits of grey stretch fiber, white shirts, red, white and blue ties, brown moccasins and blue cloth hats.

For travel and leisure use, the women will receive outfits

Bobo Olson To Fight Thorton At Kezar

FRESNO (UPI)—Wayne Thornton, fourth-ranked light heavyweight, has signed a contract to meet former middleweight champion Bobo Olson in a nationally-televised bout in San Francisco March 27.

Thornton's manager, Pat Difuria, said Saturday the contract was signed and mailed to matchmaker Teddy Brenner in New York after clarification of several technical points in the agreement.

The light heavyweight fight at Kezar Pavilion will start at 7 p.m. with tickets scaled at \$10, \$5 and \$3.

Mill Valley Five Ends '64 Season

The Mill Valley Boys Club varsity cage team closed out its 1964 season Sunday with a 72-66 triumph over Marist Seminary.

The Mill Valley basketballers were led by Terry Jarick with 20 points and Joe Harris with 18. They finished the season with a 7-5 record.

The eighth grade team from the Mill Valley club won its eighth game out of nine contests, a preliminary 51-44 triumph over the Marist eighth graders. George Garber scored 22 points for the winners.

HOLE-IN-ONE SHOT AT MARIN CLUB

Elmer Murray of San Francisco, a member of the Marin Golf and Country Club, shot a hole-in-one Sunday during a practice round on the Novato course.

Using a five iron, Murray got the ace on the 189-yard second hole. He was playing in a foursome that included his wife, Elizabeth, and Mr. and Mrs. William Del Monte.

The FISHIN' FOOL

By RALPH STEVENS
I-J Fish and Game Writer

Thanks Are In Order For Charles Wimer; Duxbury Salmon Larger

Ooops! Somebody goofed! Imagine my chagrin when I read in the paper that: "Art Payne called last night to tell me two salmon were waiting for me at the Lucky Bait Shop." Mr. Payne must have been equally surprised, inasmuch as he had nothing to do with the kindly act. It was the well known Charlie Wimer who called. Apologies, gentlemen!

Incidentally, Angler Wimer doesn't confine his fishing activities to ocean fishing. He plays the field as it were, Bay or Delta regions, or a trip to Lake Berryessa. My mental derby is tipped to that 75-year-old sportsman.

JUDGING by late reports, Lake Berryessa has not been too productive the past week, probably just a temporary slump.

Salmon trolling continues to produce in copious quantities to the ships who have worked the Duxbury area as well as the fewer hopefuls who tried their luck by the Towers. Apparently the salmon are running larger than a week ago. At least in the Duxbury sector. As an example: Lee Anderson's bait emporium reported the following catches for Saturday: Chinook, 22 fish to 15 pounds off Double Point, Sea Bee, 16 to 12 pounds off Duxbury; Dolphin, 16 to 14 pounds; Lucky Day No. 1, 18 to 12 pounds; Lucky Day No. 2, 25 to 20 pounds; Privateer, 12 to 14; CoCas, limits to 20 pounds.

ALL THE above, except Chinook, worked Duxbury—the Ge Ge boated 11 fish to 8 pounds at the Towers, Sea Horse netted nine to 11 pounds and Miss Dragnet had 16 to 18 pounds at the Towers.

Listening to my Halicrafter on Sunday I gathered that practically all boats made the grade from Caruso's Sausalito harbor, from Berkeley Pier, Richmond, from Berkeley Pier, Richmond, and S. F. Mostly taken on bait, but a fairish number on lures. Prospects look rather dismal for a wind-up of the steelhead season. All streams I checked are apparently too low and too clear for results except to the very lucky or the expert. A hard rain will likely sound the finish gun for this season, which may be recorded as one of the worst we have had in many years.

THE STORY of bass in the local sectors of the San Pablo Bay is much brighter. Not everybody catches his limit, but close to 50 per cent do. I know of one boat with three Santa

Rosans aboard, leaving Joe's Launching on Sunday morning, and docking around 2:30 p.m. with nine dandy stripers—20 to 28 pounds. Hard to beat that sort of fishing, isn't it?

I gather from my contacts that the fast water in the deeper spots has sent the experts to more shallow depths—Good results from both sides of the bay in around 10 to 15 feet of water. Bigger fish taken on bullheads but lots of action on sardines and anchovies when properly fished.

Frances Skidmore of the Snow Museum in Oakland just sent me a mouthwatering recipe for a "Key West Food Caserole." I will include it in Thursday's column if possible. Watch for it. Sounds exceptionally good to me.

Nelson King To Head Hub City Baseball Assn.

Nelson King has been elected the new president of the San Anselmo Boys' Baseball Assn.

Other officers elected are Bob Alvarado, president-elect who will serve in 1965; Harry Press, secretary; Walter Jacobs, treasurer; Paul Schaefer, players' agent; Fred Adams, umpire-in-chief; Dick Street, purchasing agent; Frank Bernardi, minor league vice president; Ben Guglielmo, major league vice president, and directors Walt Anderson, Frank Faulkner, Clay Hauge, Dick Henika, Bob Sisler, Stan Payton and Frank Quinn.

More than 180 boys, aged 10 to 15, have signed up so far with the association for the 1964 program. Boys who haven't yet signed up may do so with recreation director Frank Quinn in his office at Memorial Park on weekdays from 3:30 to 5 p.m. The season for the major and minor leagues opens Sunday, April 26, with juniors and seniors starting late in May.

BRRR!

'I Felt Champ's Muscle'

By WILL GRIMSLEY

MIAMI BEACH, Fla. (AP)—I felt Sonny Liston's muscle for \$5. "How ya, champ," I said nervously, trying to start a conversation.

The hulking, phlegmatic heavyweight champion gave me a cold, animal-like stare that sent icicles dancing up my spine.

"Get going," a man on the stage said brusquely, hustling me out a side door.

"Next."

I was No. 7 in a queue of 32 who lined up in the bustling Surfside Civic Center training quarters to have their picture taken—at \$5 a throw—with the sullen ring killer.

I was between Boy Scout Troop No. 18, a group of bug-eyed youngsters in green uniforms, and a giggling housewife in a pink sack dress, who kept gushing, "Isn't this just too exciting for words?"

A PRIVILEGE

Having a picture taken with Liston has been one of the privileges of the spectators attending his workouts for tonight's title defense against loud-mouth Cassius Clay.

The tense line formed at the wooden steps, leading to the stage. Liston, who had just finished 45 minutes of almost unbroken shadow-boxing, bag-punching and rope-skipping, wrapped himself in a white robe and took his stance against the wall.

A man in a three-button suit and striped tie, the executive type, strode over and took Liston's hand.

The champion gave him an expressionless stare.

A pot-bellied truck driver struck up a boxing pose. Liston obligingly raised his hands in a similar pose, but didn't blink an eyelash.

LUSCIOUS DISH

A luscious dish in white tuxedo pants and dyed silver hair was next.

Liston grabbed her, picked her off the ground in a swoop and held her in his arms like a bridegroom ready to carry his bride across the threshold.

The lady squealed delightedly. Liston didn't crack a smile. "Isn't he gorgeous?" the lady gushed.

When No. 7 came, I decided I'd try to crack the champion's

frigid exterior. I got only that withering glare. I shivered, and passed on as flash bulbs popped.

The muscle? It felt like a ham hock back in Tennessee.

Warriors, Royals Clash Tonight

The San Francisco Warriors take on the Cincinnati Royals at USF tonight at 8:15 in a battle between the two hottest teams in the National Basketball Assn.

The Warriors have won 21 out of their last 30 and hold a two-game lead over St. Louis and a six-game bulge over Los Angeles in the Western Division with just 14 games to go.

But the Warriors' pace is small potatoes compared to that of Cincinnati. The Royals have won 14 out of their past 15 to move to within a half-game of mighty Boston in their Eastern Division battle.

The only team to dump the Royals in the past 15 games was San Francisco, but Cincinnati gained revenge last Friday night with a 101-93 defeat of the Warriors at USF.

Wilt Chamberlain has been slowed by a knee injury and a sore elbow, but X-rays to the elbow yesterday disclosed that he only bruised it. His knee is still sore, but Wilt is ready to go tonight.

San Francisco could use the win for the Warriors face a hectic schedule. They face the Hawks at St. Louis Thursday, the Celtics at Boston Friday, the Knicks at New York Saturday and the Pistons at Detroit Sunday.

PRO BASKETBALL

Valsecchi Hits 667 Series To Headline Nave Bowling

Ning Valsecchi's 667 series in the 840 Scratch League was the headline attraction for the past week of league action at Nave Lanes in Ignacio. His series included games of 258 and 225.

Carl Rangell of the Novato Merchants League had a 264 game to take the top game honors for the week. Valsecchi's 258 game was next, followed closely by John Roberts' 253 in the Monday Early Mixed.

Joyce Littler of the Alley Kats League smashed the pins to the tune of a 591 series topped by a 215 game. Right behind Joyce in series scores was Barbara Molseed's 590-213 in the Brunswick Traveling League.

Agnes "Johnnie" Johnson had a big 247 game on top of a 566 series to take individual game honors for the women.

840 Scratch—Ning Valsecchi, 667-258-225; Charles Robertson, 585-212-219; Rennie Horvath, 585-218; Charles Wojno, 581-214-211; Hamer Black, 581-210-200; Bill Schwartz, 580-225-201; John Coen, 231; Lou Nave, 226; Ed Brice, 226; Mike Powers, 223; Tony Corella, 211; Colin Birse, 210; Walt Moreno, 205; Bob Nelson, 204; Warren Schwatka, 202; Hank Mann, 202; Dave Hilary, 202; Lyman Booth, 200-201; Larry Lamborn, 200.

Women's Classic—Agnes "Johnnie" Johnson, 566-247; Ruth Peterson, 552-206; Betty Arnold, 531-200; Myrna Sjoblom, 529-199; Rose Marie Owens, 528; Eunice Sedlar, 514-190; Viv Zembrod, 514-190; Tuti Brownlee, 507; Anita Spencer, 501-194; Fran Thurman, 495; Loxie Dowdy, 488; Mary Downing, 486-190.

Novato Majors—Ed Lopes, 614-237; Ray Muir, 568-216; Ralph Hayart, 564-204; Hank Mann, 215; Van Hovanec, 212; Larry Garratti, 202.

835 Scratch—Hamer Black, 640-201-228-211; Bill Baldridge, 632-249-202; John Doherty, 210; Gus Mellick, 207; Doc Kirkhof, 201.

Washday League—Marge Latham, 552-197-190; Betty Listman, 548-193; Irene Cicanese, 515-190; Amy Palmer, 476; Gertie Bonfiglio, 475; Clea Chisholm, 475.

Monday Men's Hdp—John Peterson, 579-205; Newt Thrash, 235; George Ranck, 212; Tom Amira, 211; Clyde Miller, 207; Paul Richards, 203; Irv Keagy, 202; Jim Green, 202.

Novato Sportsmen—Rennie Horvath, 224; Ed Fuller, 219; Al Sooy, 211; Bill Wright, 210; Jack Stetson, 206; Jim Thomas, 205; Jack Cady, 204; Roy Buckley, 202; George Azevedo, 200; Bob Robertson, 202.

Monday Early Mixed—John Roberts, 595-233; Rosanna McBurl, 192; Fred Centers, 234; J. Vanderziel, 200.

Hawaiian League—Floyd Thurman, 613-223-225; Jan King, 539; Gay Nesler, 508; Mary Downing, 489; Lou Berger, 217; Jack Lepinski, 206; Tony Olivera, 204.

Restaurant & Tavern—Paul Sherman, 579-227; Harry Fitzgerald, 202.

Bankers League—Jackie Newsom, 501-200; Betty Horvath, 462; Roger Lehman, 212.

Forget Me Not—Lynn Giannini, 467; Ramona Chipman, 484; Cobie Jones, 477.

Novato Merchants—Lee Miller, 603-212-215; Joe Corda, 596-223; Carl Rangell, 586-264; Glen Wilfert, 209; Lum Barker, 204; Oren Cook, 203; Harry Clausen, 201; Al Wilfert, 201; Neil McIsaac, 201.

Meat Pot—Alva Fingeries, 502-195; Russ Mast, 213; Kent Dreitzler, 212.

Tuesday Early Mixers—Buddy Clausen, 501; Bob Patocchi, 220; Ray Noel, 214; Paul Richards, 213; Kay Willis, 203; Hazel Ormerod, 190.

B.B.B.'s League—Yolanda Mat-

thews, 483-224; Jane Sullivan, 477-190; Vera Stoner, 199.

INDIAN VALLEY BEATLES TEE OFF

A "Beatle Fivesome" was among those participating in the Scotch Ball Tournament held on Saturday by the Indian Valley Golf Club. Frank Duddy, president of the Indian Valley Men's

Assn., left, plays the guitar as his wife, captain of the women golfers, prepares to tee off. Other members of the Beatle team are, from left, Tore Bedayan, and Mr. and Mrs. Rowe Walker. (Independent-Journal photos by Bob Hax)

"IS THIS SOME new-fangled sort of a trap?" Addressing the ball is Mrs. Arthur Sears who gets some advice from Jim Cardani during the Indian

Valley event. Golfers turned out in a variety of costumes and wigs for the Washington Birthday tournament.

SOMEWHERE IN North Marin—"Which way to the nearest green?" ask Indian Valley golfers, getting out a map to help them line up a spectacular two mile drive. But they're not really worried about destination

because, as every good golfer should, they know it's form that counts and endorse the idea with written reminders. . . . From left, Richard A. Anderson, Miss Dicie Gates and Mrs. Anderson.

Section Will Hear Talk By Designer

Richard Untermann, landscape designer will speak to the Garden Section of the American Assn. of University Women Thursday at 9:30 a.m. at the home of Mrs. Cletus J. Fitzharris, 1235 Grand Avenue, San Rafael.

Untermann, a graduate of the University of California, is affiliated with Tony Guzardo, landscape architect of San Francisco.

Co-hostess with Mrs. Fitz-

harris will be Mrs. Avery Cochran of San Rafael.

Mrs. Richard M. Auslen of Kentfield, chairman of the section, announces that her new co-chairman is Mrs. George M. Burnell of San Rafael, succeeding Mrs. Eric Vogt, who recently moved to Hawaii.

their guests of the Marin Unit of Pro-America. Special speaker will be Mrs. William Fusselman, who will speak on "Current Legislation at the National and State Level." A question-and-answer period will follow her speech.

Long interested in public affairs and education, Mrs. Fusselman is a former president of the Marin Branch of the American Assn. of University Women, for which she is presently serving as legislative chairman; the Business and Professional Women of Marin and the Tamalpais Centre Women's Club.

Tea chairman is Mrs. Herbert Walton, assisted by Mrs. John Loutzenheiser and Mrs. Leonard Wood at the tea table, and Mrs. Edwin Long and Mrs. Frank Williams, hostesses.

Mrs. William Lynch will introduce the speaker.

Second Book Review Set On March 4

Dr. Benton Gaskell of the Community Congregational Church has selected "My Darling Clementine" by Jack Fishman for the second in his series of book reviews to be held at the Tiburon Peninsula Club on March 4.

The first review, which was of "The Child Worshippers" drew a capacity audience according to Mrs. Robert G. Smith, president of the Women's Fellowship of the church. Committee members for the series are Mrs. Elmo Demartini, Mrs. Randolph Esplin and Mrs. George E. Butts, ticket chairman.

Springs and then on to Parker, Arizona, to visit her brother at Easter time.

MR. AND MRS. SAMUEL SWADESH have sold their home on Millside Lane in Mill Valley to Mr. and Mrs. David Becker, who have an infant daughter. The Beckers formerly lived in Sausalito. Nancy and Samuel have bought a house on Paradise Drive in Tiburon. They bought it from Mr. and Mrs. Gero Marten (Linda Hein). Mrs. Marten, daughter of Mrs. Herman Hein of Mill Valley and the late Herman Hein, noted landscape architect, her husband and their five children will live in Germany. The Martens have bought a 300 year old house near Frankfurt and Gero will continue his study of landscape design.

Nancy and Samuel are looking forward to a visit this summer from their son, Steven, and his wife, who are now with her parents in Madrid, Spain. Nancy and Samuel leave in March for a month in Mexico. They will visit his brother, Maurice, who teaches at the University of Mexico in Mexico City, then go to Oaxaca and on to villages in the jungles of southern Mexico. They will return to Mexico City and fly back to California from there.

This will be a pleasant interlude for Nancy, a member of the State Democratic Central Committee, who will undoubtedly be active in the 1964 campaigns.

Cane, widow of the British consul, gave a cocktail party for the Danish visitors. Mr. and Mrs. Sporn-Fiedler came to visit Mr. and Mrs. Innes before Christmas. They will return home next month. Their son, Frants Sporn-Fiedler, a Harvard graduate, is secretary of the Danish embassy in Mexico. He and his wife, a Danish girl, and their four children live in Mexico City.

THE WILLIAM VANINGS of San Rafael are due home soon from a vacation in Carmel and in the high Sierra.

MRS. MARY T. RUTH of the Cote d'Azur apartments in Sausalito is leaving soon on a leisurely motor trip to Los Angeles via the coast route. From there she will go to Palm

MARIN'S SOCIAL WHIRL

Distinguished Danish Couple Honored During Visit In Ross

By FLORENCE DONNELLY

Distinguished visitors from Denmark, Mr. and Mrs. Axel Sporn-Fiedler, who are the houseguests of their son-in-law and daughter, Mr. and Mrs. Benjamin Innes (Else Sporn-Fiedler) of Ross are being entertained extensively. Parties for them are being given in various cities in the Bay Area. And that is no wonder as the Sporn-Fiedlers made many friends during the more than 15 years he was Denmark's consul general in San Francisco. It was then Benjamin and Else met. Their marriage was a big society event.

Ben is a member of a pioneer Marin family. His mother, Mrs. Paul Jones of Orinda, lived in San Rafael many years and he is the nephew of Mrs. Harrison Dibblee, formerly of Ross, who resides at Woman's Athletic Club in San Francisco. After they left San Francisco, Mr. and Mrs. Sporn-Fiedler went to Teheran, where he was the

Danish ambassador. Now retired from the consular service, he and his wife live in Copenhagen where he is a banker.

Honoring the visitors, Mr. and Mrs. E. L. (Ned) Griffith gave a luncheon recently at the Mill Valley home of Mrs. Griffith's mother, Mrs. E. W. Bullard. Last night Lady Cecil

P-TC Book Fair Proceeds Listed

Mrs. Charles G. Dreyer, chairman of the 1963 Reed Parent-Teacher Club book fair, announced that the accounting for the fair has been completed and that \$1212.48 was realized last year.

Mrs. Edward Parnell presented a check to Edward C. Pino, superintendent of the Reed district, in the amount of \$2,000, proceeds from both the 1962 and 1963 book fairs. Mrs. Parnell did the accounting this year and will serve as next year's chairman.

These funds will be used for the purchase of books for the district's libraries, announced Mrs. Walther Buchen, club president.

tle could tempt a small child. Keep the label on the container. It gives instructions on what to do in case of an accident.

It pays to take time to launder and dry braid and fringe trimmings before stitching them on to washable fabrics. This will prevent any shrinkage problems when laundering the finished items.

Don't overcook protein foods. This will cause the protein to toughen and shrink. There is a tendency for the liquids to be squeezed out when shrinkage takes place. For example, overcooked meat is usually tough and dry.

BARGAIN! Big, new 1964 Needlecraft Catalog—over 200 designs, only 25¢! A must if you knit, crochet, quilt, sew, embroider. Send 25¢.

SPECIAL VALUE! 16 COMPLETE QUILT PATTERNS in deluxe, new American Heritage Quilt Book. For beginners, experts. Send 50¢ now!

Childbirth Series Slated To Begin

A new series of classes in the Education for Childbirth program will begin during the first week of March. They will be held on Thursday, during the day from 1:30 to 3 p.m. and in the evening from 8 to 9:30 p.m.

Mrs. James V. Farley and Mrs. William M. Weeks, who are registered physical therapists, will be the instructors. The classes are conducted in San Rafael at the physical therapy office of Mrs. Gunhild H. Brown, 711 D Annex.

The eight week course includes training in exercises for relaxation, breathing techniques and posture. Emphasis is placed on understanding the processes of pregnancy and labor. Expectant fathers are invited to attend the Parents' Class where films are shown.

The expectant mother must have her doctor's written permission before she can enroll in the series. Further information can be obtained by calling Mrs. Brown.

Russian Nurses Trained Sooner

NEW YORK (UPI)—"Medical sisters," Russian counterparts of the American registered nurse, have educational preparation and general working conditions similar to nurses in the United States, reports Rose Ernesberger in "Nursing Outlook," journal of the National League for Nursing.

The systems differ in one major regard. In Russia students enter nursing schools after eight-year primary school and complete nurse training as part of their secondary education. American nurses begin professional training only after high school.

P-T-A Will Present 'San Jose Capers'

San Jose Capers of '64 will be presented at 8 p.m. Friday and Saturday nights at the Pacheco School auditorium in Novato, when parents and teachers will be performing on stage as singers and dancers. Opening the Capers will be Theodore Grouya, who will play his own piano compositions. A student band, the Terra Linda Stage Band will be directed by Gordon Lowell.

THE SAN JOSE Caperettes, a dancing group, will be presented in a Charleston hobo number. Mrs. Wanda Blackwell is choreographer for the dances.

John Ahlers, Hank Hartmann, Howard Henry and Arnold Olds will be featured in singing as a quartet.

A satire on a P-T-A board meeting will be presented by Mesdames Jerry Arnold, Brent Burrell, Burke Edwards, Robert Schroeder, William Spitzer, Gene Taylor and Mr. Spitzer. "LITTLE Blue Riding Hood," a Dragnet sequence will feature Ellen McGrath, Bryon Wheeler and Richard Sexton.

The Marin Mountaineers, who "take over" the country club in a takeoff of the well-known Hillbillies, will be played by Mrs. Bryon C. Wheeler and Mrs. E. L. Curtis and George Griffin, Darrel Gift, I. C. Campbell, Charles Meade and John Goodrich.

ADMINISTRATORS in the San Jose Intermediate School District, Supt. Ralph Giovannelli and Fred Newton, Ross Carter, Joseph Mouille, Duane Moeller, Don Slezak and Al Rivasplata will present "The Big Surprise," which will not be disclosed until opening night.

Jerry Arnold, Brent Burrell, John Littlefield, Mrs. Rita Lathery, Jeffery Scott will all be featured in vocal solos.

MRS. JUANITA INGLE will be poster girl between the acts.

Mrs. Alfred D. Silva, Mrs. Fred Newton and Mrs. Gene

Taylor organized the Capers of '64. Other P-T-A members associated with the production include the director, Mr. Burrell; writers, Mr. Arnold and Mrs. Fred Smith; sound and scenery, Ned Hanchett; lighting, Bob Young; stage manager, Harry Lehman; curtain, I. C. Campbell; publicity, Mrs. William Harris, and art work, Miss Naomi Seward.

Ideas To Aid Homemakers—

Clean steam pressure canners after each use to assure efficient, safe canning. To clean the safety valve and petcock, draw a string or narrow piece of cloth through them.

To avoid that greenish film that sometimes forms around the outside of egg yolks when eggs are boiled, use less heat and don't cook eggs so long.

Before using new bread baskets, swish them through warm, soapy water and rinse. Such baskets are often made in foreign countries and have passed through many hands.

Brussels sprouts that are good quality should be compact, and well formed, have fresh green color and a crisp appearance.

The U. S. Department of Agriculture reports that a clothes dryer saves the average homemaker 20 eight-hour work days and 40 miles of walking a year.

Keep pesticides in their original containers. Insect spray stored in an old soda pop bot-

Bringing Up Baby.

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

When your baby begins to creep he may rebel a bit at the playpen but there will still be times when you'll want baby to stay put. How to keep your scotch about happy after he's had a taste of freedom? These tips may be helpful:

- **Time element.** If you reserve pen times for baby's most contented times, he probably won't resent it.
- **Toy trickery.** A few different toys for each session help keep baby's "housing development" an interesting place to come home to. A covered saucer with a Gerber Teething Biscuit inside adds a nice surprise.
- **Position counts.** By placing the pen where baby can watch your comings and goings, he won't feel neglected.

Meal of the matter. A baby with crawl privileges needs protein to help develop those muscles he's using more and more. Gerber Strained Meats provide protein galore in the smoothest form that ever summoned up a baby's smile.

Made from special cuts selected by Armour, these quality meats are low in fat for easy digestibility... great on true-meat flavors for ready acceptability. 9 varieties... 5 junior meats for tots with teeth.

Safety measures for fourwalkers. Creepers make a beeline for bright objects so be sure to scan the floor for pins, buttons, etc. Iron and toaster cords should not be left a-dangle. Floor fans or heaters are a hazard.

Sunny-side up for creepers, lap-sitters or high-chair heroes and heroines. Gerber Strained Egg Yolks are bright as a splash of sunshine... have a delicate, fresh-egg flavor and creamy, custard-like texture that's hard to beat for downright delightful eating. As for nourishment, Gerber Egg Yolks are high in vitamin A, rich in iron and a good source of protein. Gerber® Baby Foods, Box 72, Fremont, Michigan.

INTRODUCTORY COFFEE

Among those attending a coffee yesterday in the San Rafael home of Mrs. Paul Haerle, serving, for the purpose of introducing the Young Audiences of San Francisco program into school music programs were, from left, Hugo Rinaldi, music director for San Rafael City Schools, Mrs. Richard Ernst of San Francisco,

speaker, and Mrs. Donald Moyer. The coffee was hosted by the music department of the San Rafael City Schools. Young Audiences is a nationwide organization which presents demonstrations of chamber music concerts to school children during school hours as part of their curriculum. (Independent-Journal photo)

How Does One Remove Grease Stains?

The problem of removing grease stains from wash and wear clothing, particularly those set in the laundry process, is a recurring one.

How does one remove grease stains from wash and wear clothes?

By wash and wear, I presume you are referring to 100 per cent resin-treated cottons, man-made fiber and cotton blends, or fabrics made of 100 per cent man-made fibers. Clothing of these fabrics should be pre-treated for grease stains prior to washing, by scrubbing stained area with an all-purpose liquid detergent (such as Sun or Wisk) before putting into hot water. You may need to use a dry cleaning fluid to remove fat-soluble stains.

How does one remove a grease stain that remains after washing?

Such grease stains are set

NO SPINNING

Women Turn Roulette Wheel

By GAY PAULEY
UPI Women's Editor

NEW YORK — Once it was the spinning wheel the woman of the house turned. Now, it's the roulette wheel.

GAMBLING is on the increase in the United States and part of that increase is among the fairer sex, say two authorities who take a look at the numerous forms of playing to win in a report just published.

The publication is "When You Gamble — You Risk More Than Your Money," written by Sidney Margolius and Gordon H. Cole. It is published by the Public Affairs Committee, a non-profit educational organization founded in 1935 "to develop new techniques to educate the American public on

vital economic and social problems and to issue concise and interesting pamphlets dealing with such problems."

ACCORDING to the authors, gambling in the United States has doubled in recent years. "Both the number of paid admissions to racetracks and the total sum bet, doubled from 1949 to 1960; the revenue reported by Nevada's legal gambling establishments increased five times during this period," they write.

The two say that the total now gambled each year has been estimated at \$50 billion or more, or double what the nation spends on medical care.

IN AN interview, one of the authors, Margolius said, "The experts we consulted felt that

gambling among women is definitely on the increase. But to what degree would be difficult to say.

"In the upper income brackets, women tend to gamble on roulette. In the middle income, it's on bingo. But they also gamble at the slot machines, the racetrack, the numbers game . . ."

Margolius is a Port Washington, N. Y., writer on consumer problems particularly in saving and spending. Cole, who has offices in Washington, D. C., is the editor of The Machinist for the National Assn. of Machinists (AFL-CIO).

Margolius said they compiled the work because of special concern about gambling among the working class.

Self-Cleaning Oven Newest Development For Household

Perhaps one of the most exciting new developments in household equipment is the self-cleaning electric oven. All types of soil are cleaned without smoke or odor, and without the use of commercial oven cleaning preparations, announces Virginia Porter, Marin County home advisor.

To eliminate the drudgery of oven cleaning, a manufacturer has worked on the development of automatic oven cleaning since 1957. The resulting oven is evidence of the demands made on the planning and engineering skills of many people.

ENGINEERS were confronted with problems not encountered in a conventional oven. Special types of controls, and

types and amounts of finishes were among the many questions which needed solving. For example, 75 combinations of materials were actually tested before a satisfactory finish was found for the oven shelves. These shelves have a heavy nickel plate, five times the amount of plating required on shelves in conventional ovens.

SPECIAL insulation is used, and a fan circulates air during the cleaning and cooling processes. The amount of heat noticeable during cleaning is just about the same as when a meal is being cooked in a conventional electric oven.

WHEN THE controls are set to clean position the oven door cannot be opened. The length of time required for cleaning

Double Duty Furniture Helps

CHICAGO (UPI) — If you're worried about furnishing a small room, or small house or apartment, take a tip from the world of commercial design. Look for furniture that will do more than one thing.

A Chicago-based firm which has furnished more than 120,000 hotel and motel rooms, says double-duty furniture is just as useful in homes as in commercial rooms, which often serve more than one function.

depends on the amount of soil in the oven and a minimum time of 1½ hours is used. The oven heats slowly to a high temperature and the soil is removed by chemical decomposition through use of heat.

three continents as outstanding exponents of Spanish and Latin American music and dance.

Performing in authentic and magnificent costumes, Teresita includes a repertoire ranging from Spanish flamenco to the exotic rituals of the Aztecs and Incas of Mexico and Peru.

Known as a poet of the piano, Emilio was trained by such virtuosos as Josef Lhevinne and Leopold Godowsky. Today he is acknowledged as a leading interpreter of Iberian and Latin American music for the piano.

Co-chairmen of the tea, Mesdames Howard B. Bleyle and J. C. Craik, will be assisted by Mesdames Willis Elliot and Harold J. Muller. Decorations chairmen are Mesdames J. Paul Hurd and H. C. Kellers. Pouring tea will be Mesdames Stanley Aitchison, Ray Hawksley, Edwin Hildebrand and E. H. Laird. Greeting guests will be Mesdames Adolph Lawrence and John M. Nahapiet.

GREENBRAE

\$53,750

VIEW-POOL

The large family with a yen for modern country living will enjoy this spacious shake roof ranch-style home and its 16x36-ft. heated and filtered pool, surrounded by 1000 sq. ft. of deck and patio. Designed on 2 levels affording space and privacy for all. Enter thru the impressive studio entry hall to the living room with its massive stone fireplace, open beam ceilings and window walls facing a spectacular view of Mt. Tamalpais and wooded hills. Sliding glass doors open to a wide sundeck. A sheltered patio adjoins the G.E. kitchen and dining area. 4 huge bedrooms (or 3 and a large family room) 2 colorful baths. Separate utility and hobby room. Huge closets. Bring your family to see it today.

\$77,500

SECLUDED SPLENDOR

To the wife of an executive—entertaining will be a pleasure in this beautiful, bi-level luxury home, located at the end of a quiet cul-de-sac on the crest of an oak-studded knoll. Architect-designed and built to present owner's rigid specifications. Be a charming hostess in the living room with massive fireplace, open beam ceilings and window walls, and the separate dining room with enclosed wet bar. Or entertain informally in the lower living room, paneled family room with second fireplace and sliding glass doors to a secluded patio. Stainless steel Tappan elec. kitchen and breakfast room with adjoining laundry room. 4 large bedrooms, 3 baths with infra-red heaters, plus 2 extra rooms and bath for guests or maid on the lower level. Stereo Hi-fi to all rooms and patio. Sunny poolside. Magnificent view from every room. Approx. 3700 sq. ft. of luxury living area. Moderate garden maintenance. Call us for an appointment to inspect.

VIEW LOTS

\$8,500—Over 1/4 acre on a quiet cul-de-sac high on a hill with a terrific view and studded with oaks. Downslope. Suitable for one-level home with extra rooms downstairs.

\$12,750—View lot with 82-ft. frontage, approx. 1/4 acre. Gentle side slope ideal for one-level home with garage under lower side. Lots of space for patio and pool.

\$14,000—Approx. 1/2 acre hillside. Downslope with level bench; ideal for split-level home. Unobstructed view of wooded hills and valley. Several oaks, laurels.

GRACEFUL, OLDER
CONVENIENT
\$23,500

3 bedroom home. Few steps to bus, shopping, schools. House is FURNISHED. Vacant now, ready to move into. House is older, but GOOD, with garden ready for continued loving care. All first rate for retired couple who want to be in the swing of things without hibernating. Easy financing.

THE BEAUTIFUL
COUNTRY CLUB TRACT
SAN RAFAEL

This house is a little smaller than some of its neighbors, but it is a large 2-bedrm. home, never the less. And on a large hand-some lot of 1/3 acres, where gardening may have full scope and children can romp. Handsome living room with exposed beams. Huge family room of 3rd bedrm., also equally wonderful spot for young, outdoors family or retired couple. And convenient. Financial assistance possible. Asking \$39,800.

FAIRHILLS IN
SAN RAFAEL

One of the finest buys that Marin County can offer in 1964. A 3 bedrm., 3 bath home, sep. dining room, modern kitchen on a tremendous one-acre lot. Privacy, seclusion, view. Owner is ill and requires immediate sale, which accounts for the wholesale price. Quality at far below replacement cost, \$49,500.

Transportation

Problems?

Buy a house in a "walk to location." Near schools, shopping, downtown, bus; a desirable location, close-in San Anselmo, 3 bedrooms, 2 baths, fireplace, dining area, storage. Covered patio is completely secluded. Attractive grounds need little care. A good buy for a busy family.

\$32,500

Eight Room Eichler

Modern & exciting in design—an atrium model by Eichler, 4 bedrooms, 2 baths, dining area, family room plus an enormous rumpus room with sliding glass doors. Professionally landscaped gardens have an Oriental flair. Cul-de-sac location gives additional privacy—little traffic. Near schools & shopping center.

\$29,500

Sleepy Hollow Area

Four bedrooms, plus den or FIFTH BEDRM. Large, 2 level home was built with all the family in mind. 2 full baths plus 1/2 bath; dining area; two view decks. Lovely hillside home overlooks Sleepy Hollow & the surrounding country-side.

\$26,950

Racquet Club Area

Custom built! San Rafael home! Modern with shake roof, it's the best priced home in this popular area. 3 bedrooms, 2 baths; two artistically designed patios. Large, separate driveway is a practical set-up for guest parking or what have you! An inviting home for the outdoor family.

"Top Property of the Week"

REDUCED THOUSANDS

Ordinarily, you couldn't purchase this home at such a rock-bottom price but the owner is moving out-of-county and will sacrifice below replacement cost! Over 2,100 sq. ft. of quality construction: 4 big bedrooms, 2 1/2 baths; huge family room/fireplace; w/w carpeting in all 4 bds., living rm. & hall; 180 degree view of Bay Area — just a little over a year old!

\$39,500

\$53,200

Los Ranchitos

Horse! View! An acre plus!

A huge, HUGE home! 11 ROOMS—the biggest home you've ever seen. 4 bedrooms, 2 full & 2 half baths; elec. kitchen; formal dining; family room plus enormous 2 room entertainment center on guest quarters downstairs. Ease appeal landscaping encircles 2 secluded & sunny patios. Your "Rancho" in San Rafael.

\$28,950

Classic Charm

At last, the classic family home! Two stories of space & living. It has all the things one would expect: 4 BIG bedrooms; 2 full baths; large kitchen; formal dining room; storage in the attic. On cul-de-sac and a block from school. You won't be disappointed when you see it! Ask for Bill Bell, 456-7330 or eves, 892-2798.

Other Rivers
Tiny Alongside
The Amazon

WASHINGTON (UPI) — Every grammar school student knows the Amazon River is the largest in the world, but until now, no one realized that its size makes other rivers resemble meandering creeks.

On a single day, it spews into the Atlantic Ocean enough water to cover Texas an inch deep.

"That old man river," the Mississippi, is only a stream compared with the Amazon, which has a rate of flow 12 times that of the largest U.S. waterway.

TOTALS 18 PCT.
It pours 18 per cent of the total output of the world's rivers into the ocean as it twists and turns in its west-to-east course from Peru across Brazil.

The river drains a 2.3-million-square-mile basin, and pours 3.4 billion gallons of water into the Atlantic Ocean every minute.

These observations were reported yesterday by four U.S. Geological Survey scientists who collected precise data on the Amazon in 1963, the first such study of the great Latin American waterway in history.

The team, assisted by the University of Brazil and the Brazilian navy, was headed by Roy Oltman. Other members were Frank Ames, Curt Davis and George Staefler.

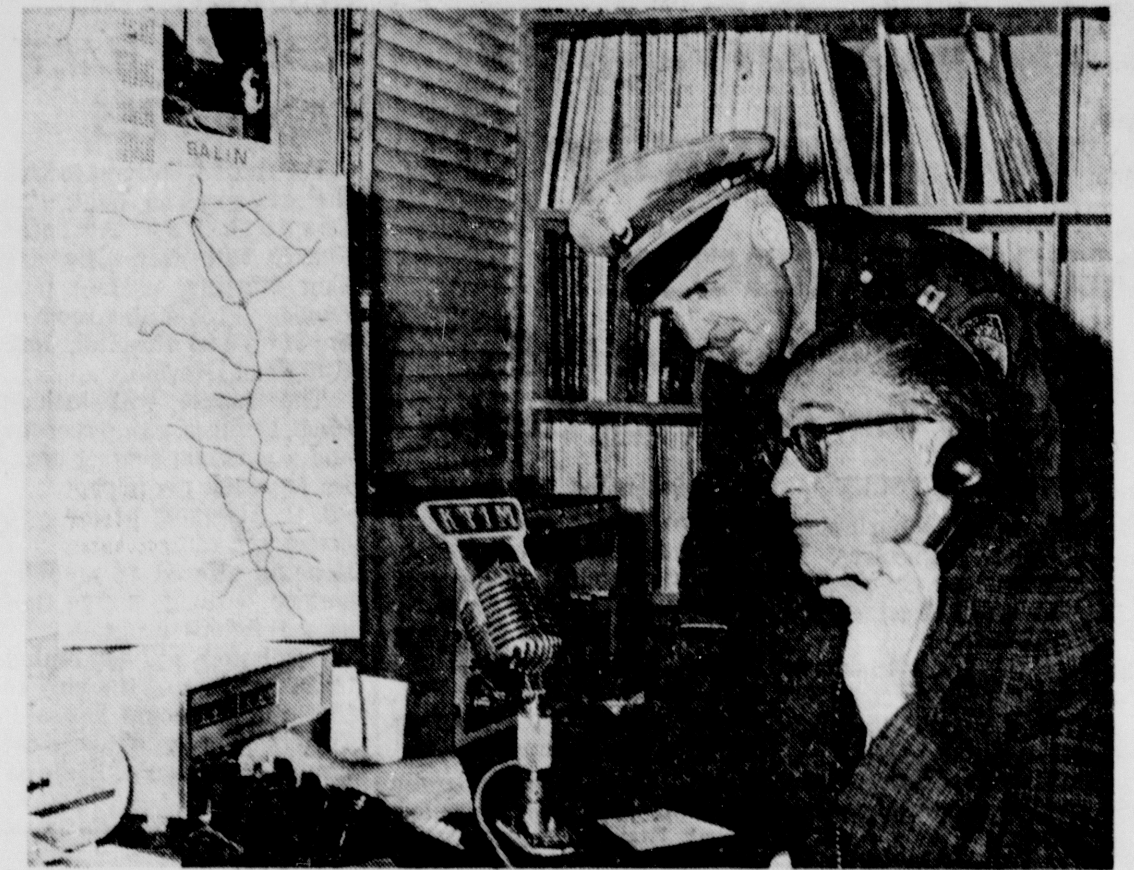

"Every measurement we made shattered previous estimates," Oltman said in his report.

DATA LONG SOUGHT
"We have assembled for the first time in history basic information on the Amazon's rate of flow, its chemical composition, physical characteristics and other vital data long sought after by the earth scientist and geographer."

In what was probably an understatement, Oltman said the massive discharge of the river "is somewhat greater than was expected."

Hydrologists have calculated that the yearly average discharge of all the world's rivers totals 8,800 cubic miles. Of this, the survey team said, the Amazon accounts for 1,610 cubic miles, or about 18 per cent of the total.

By comparison, the Congo expels 300 cubic miles of water a year, China's Yangtze, 165 cubic miles, and the Mississippi, 144 cubic miles.

HOTLINE NERVE CENTER

Marin CHP Captain Theodore Parlow checks control center for Radio KTIM's 101 Hotline, with morning coordinator C. F. (Chuck) Pendleton. Now heard from 4:30 to 6 p.m., as well as 7 to 8:30 a.m., the broadcast

gives instant traffic reports from Novato to the Golden Gate Bridge. Map shows location of "spotters" along 101, small radio is tuned to CHP, large one to "ham" radio men in their cars. (Karl Barron photo)

Copter To Speed Trip
To UC Research Peak

BERKELEY (AP)—Acquisition of a new helicopter for use at the nation's highest year-round research station was announced today by the University of California.

The university's White Mountain Research Station in Mono County maintains one laboratory at 14,250 feet, atop White Mountain Peak, and others farther down the mountain.

The three-place Bell helicopter is equipped with turbochargers for operation up to 20,000 feet, university spokesmen said.

A three-hour trip from Bishop over twisting mountain roads to the station can be cut to less than 15 minutes with the new helicopter, said Dr. Nello Pace, director of the station and professor of physiology at Berkeley.

Campus-to-mountain transportation of scientists will be cut by eight hours or more.

Leonard A. Johnson, a helicopter pilot from Salt Lake City, is joining the White

Mountain staff.
A National Aeronautics and Space Administration grant is paying for the helicopter and the pilot, the university said.

Research projects in human and animal physiology, space sciences, botany, zoology, psychology and astronomy are under way at the White Mountain Station.

Bay area base for the helicopter will be at the university's Richmond Field Station.

There is a wider open diamond mine than the Kimberley—the Premier near Pretoria. But none is more famous.

Officials Disagree Over Authority Of Superintendents

Dispute Arises As Council Asks Delay In Tam Unification Election

By ELLEN DIETSCHY

Should school superintendents involve themselves in setting a date for an election which may unify 11 school districts into one?

Several Marin elementary school district board members agree that the action is necessary and to be expected.

Richard J. Mac Laury, Reed School District trustee, doesn't think so.

Mac Laury last week questioned the propriety of the district superintendent in sending a letter to the County Committee on School District Organization urging that the June 2 election to decide on unification of all elementary school districts in the Tamalpais High School District and the high school district be postponed until November.

However, several members of the Mill Valley, Larkspur, Sausalito, Kentfield and Fairfax districts' boards of trustees, questioned by the Independent-Journal, agreed that the request of the superintendents' council for postponement was in accord with proper procedures.

Glen E. Twitchell, Lagunitas School District board chairman, disagreed.

"The superintendents certainly can make recommendations to the county committee, but the proper course of action in this matter would have been to take the council's recommendation to each school board affected by the election before presenting it to the county committee," he said.

Mrs. Mary Bingham, Kentfield School District board clerk, had a different approach.

"So long as they (the superintendents) made it clear that they were not representing their respective school boards but were speaking for themselves as a group and as individuals, their right to make recommendations to the county committee should be supported," she said.

Laurence G. Hermann, Fairfax School District board president, declared, "As a superintendents' group, they can come up with any recommendation they want to."

The superintendents' organization has no authority over the school boards in the districts and therefore its members, even though they are school district superintendents, have the right to make recommendations to the county committee."

Larkspur District board chairman John W. Boyd declared, "Any action that concerns the elementary school districts is a concern of the superintendents of those districts, and I think it is their right to make recommendations on matters affecting the schools."

Dr. William L. Clark, president of the Mill Valley School District board, agreed with Boyd.

"Every superintendent has the right to express his opinion in this matter so long as he does not wrongfully say he

is representing his board of trustees," Clark said.

The superintendents' council's recommendation for postponement was "not out of place," according to George R. Kowski, Sausalito School District board president. "We should always welcome constructive suggestions," he said.

Mrs. Doris M. Harnsberger, clerk of the San Anselmo School District board, urged that all school officials work together on their common problem in order to prevent "the possibility of a bitter wrangle which could hurt education."

"I think we should always be willing to respect each other's

CHURCH HAS PLAN TO HALT CIGARETTES

For those who want to kick the cigarette habit, the Seventh-Day Adventist Church will offer a five-day plan starting at 7:30 p.m. Sunday at the dining room of the Novato Hospital, 1625 Hill Road, Novato.

The course will include films, lectures, group therapy and a personal control booklet for each participant.

P. C. Alderson, pastor, will direct the course. He said it is being offered as a public service without charge, not as a religious program.

Admission will be limited to 50 because of the size of the dining room, he said. Tickets may be obtained through Alderson at 12 Stasia Drive, Novato.

differences. We know that any date for the election which is decided upon will interfere with something, so we should be glad to have as many suggestions as we can get and then abide by the decision of the majority," she concluded.

18-NATION MEETING

Poor Nations' Needs Eyed By Scientists

UNITED NATIONS, N. Y. (UPI)—Top scientists and engineers from 18 countries are meeting here to draw up a shopping list for the poor nations of the world.

Chances are, it'll run something like this:

A small power plant for an Indian village where they have always had to pump water by hand.

A helicopter to carry supplies in roadless Yucatan.

An inexpensive way to take the salt out of sea water so that the Egyptian desert can be made to bloom.

A chemical spray to wipe out the tsetse fly, dread carrier of sleeping sickness in Nigeria.

An earthquake-proof house for an Iranian farmer.

The list is intended to kick off a world-wide search for inventions and techniques to help the poor nations — two thirds of humanity — step up

the pace of their economic development.

The United Nations thinks developments to meet world needs could come a lot faster if someone would come up with a list and hand it to scientists and engineers as a challenge.

The meeting of the Advisory Committee on the Application of Science and Technology to Development, opening today and running through March 6, grew out of a big U.N. conference last year in Geneva. One of the key points made was that with all the expensive research going on in the world, not enough of the fruits of the work is being put to use to help the poor nations.

But it's not enough simply to draw up a glamorous list of the world's most-needed inventions. Another problem is how to keep abreast of what's going on in science and technology here and now. One of the

things that makes this job harder is that governments and private firms are often very secretive about what they're accomplishing.

Nor is the job ended when you get hold of, say, the latest method of restoring fertility to land where the top soil has been washed away. The problem then becomes how to get the information out to countries such as Greece, where it will do the most good.

A single clearing house for the problems of the developing countries might be too cumbersome. The committee will have to decide whether several smaller clearing houses — each devoted to a branch of science — wouldn't do better.

Another problem is how to get the rich nations to spend more time and money on solving the problems of the poor. How do you persuade the Massachusetts Institute of Technology, for example, to take on the task of building that little power plant for the Indian village — and thousands of other villages all over the world?

Nevertheless, the U.N. realizes that much of the research and most of the testing of these inventions will have to

be done in the poor countries themselves. Tropical medicine has to be studied in a tropical country.

So research institutes will have to be established on the scene in the developing countries. In some fields, several countries might be served by a single regional institute like the Latin American Forest Research and Training Institute in Merida, Venezuela.

But of course this all requires a willingness to spend some money. Drawing from the experience of advanced countries like the United States, the U.N. says a country must spend each year from one to two per cent of its national income on civilian research in order to move ahead. That would be between \$5 and 30 billion dollars on a worldwide basis. It remains to be seen whether many of those who need help most are willing to go this far.

Windows Broken

Robert Jay Touhill, 59 Trelis Drive, San Rafael, told police late Friday someone threw rocks through two picture windows of a model home in the 1000 block of Esmev Drive. No damage estimate was given.

3 Sonomans Treated For Car Injuries

Three Sonoma residents were treated at Novato General Hospital Sunday after two separate accidents investigated by the California Highway Patrol.

James Richard Johnston, 20, of Santa Rosa, was driving north on Highway 101, one-half mile south of Diablo Avenue, Novato, when he swerved to miss a car slowing in the lane in front of him and ran off the highway at 3:30 p.m., the highway patrol reported.

His wife, Diane, 22, was treated for bruises and scrapes. Rosemarie von Ottingen, 28, a passenger in the car driven by her husband, Walter Gunther von Ottingen, 26, of Santa Rosa, was treated for a strained back after a rear-end collision on Highway 101, about 2,500 feet south of the Novato city limits at 7:27 p.m.

Von Ottingen was treated for minor injuries. He was cited for speeding by the highway patrol after his car hit the rear of a northbound car driven by Wallace Leroy Zeebuth, 28, of Rohnert Park.

CROCKER-CITIZENS

DISCOVERY DAYS

FIND WAYS TO MAKE YOUR MONEY GO FARTHER

Come in now. A new world of financial opportunity opens when you make full use of Crocker-Citizens—a full-service bank. Below are some interesting possibilities for saving. Explore them—and many, many others—at all Crocker-Citizens banking offices throughout California. Why not make the trip today?

AHOY

A HOME ON YOUR HORIZON?

Discover how buying a home with a Crocker-Citizens Home Loan can be cheaper than paying rent. You build equity every month, and get a deduction at income-tax time. No sense continuing to throw rent money overboard.

SHIPSHAPE

CHECKS KEEP THINGS TIDY

Discover how a Checking Account gives you a line on expenses. Lets you run a taut financial ship. The cost is modest — sometimes nothing at all — and by helping you pin-point leaks in your budget, it can often save you money. Paying bills by check is convenient, too. Just mail them out instead of sailing all over town.

S.O.S.

A LOAN CAN BE A LIFESAVER

Discover how easy it is to clean up bills with a Personal Loan from Crocker-Citizens. Often saves you money, because bank interest is probably lower than carrying charges. One might be especially helpful now, with income-tax time bearing down upon us.

BON VOYAGE

WITH MONEY IN THE BANK

Discover how rapidly you can fill your treasure chest by: 1) opening a Savings Account at Crocker-Citizens; 2) making deposits regularly (just pretend you're paying a bill to yourself); 3) earning "instant interest" from the first day of deposit.
